PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Logan Telephone shall make timely amendment to any prior response if Logan Telephone obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Logan Telephone fails or refuses to furnish all or part of the requested information, Logan Telephone shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Logan Telephone shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Provide the current procedure of Logan Telephone and its contractors when, after making an 811 line locate request, the operator of an underground facility:
 - a. Does not respond to the locate request?
 - b. Advises that it cannot locate the line and fails to mark the line?

2. In 2021, the Kentucky General Assembly enacted amendments to the Kentucky Underground Facility Damage Prevention Act (Damage Prevention Act). The amendments, effective January 1, 2022, specify the duties of operators and excavators when underground facilities in an area of intended excavation are unmapped or untonable. What procedural changes have Logan Telephone and its contractor implemented to comply with the requirements of the amended statute when excavating in an area with an unmarked or untonable line?
