COOPERATIVE, INC. FROM NOVEMBER 1, 2020	)

ORDER

Pursuant to 807 KAR 5:056, the Commission established this case on August 18, 2021, to review and evaluate the operation of the Fuel Adjustment Clause (FAC) of East Kentucky Power Cooperative, Inc. (EKPC) for the six months that ended on April 30, 2021. As part of this review, EKPC responded to two requests for information.

A review of EKPC's monthly FAC filings shows that the fuel cost billed for the six months under review ranged from a low of \$0.01917 per kWh in April 2021 to a high of \$0.02839 per kWh in February 2021 with a six-month average of \$0.02242 per kWh.

Commission Staff, in its second request for information, requested *inter alia*, that EKPC review its FAC tariff to determine if any changes were necessary to correspond with recent changes to 807 KAR 5:056.<sup>1</sup> EKPC, in response to Staff's Second Request, filed proposed tariff sheets with language that conforms to the current version of 807 KAR 5:056.<sup>2</sup> The Commission, because the proposed tariff changes conform with 807 KAR 5:056, finds that EKPC shall file these revisions to its FAC tariff. The Commission further

<sup>1</sup> Commission Staff's Second Request for Information (Staff's Second Request) (Ky. PSC Dec. 7, 2021), Item 8.

<sup>2</sup> EKPC's Response to Staff's Second Request (filed Jan. 4, 2022), Item 8.

finds that EKPC's revised FAC tariff shall include a section listing the Commission approved PJM Interconnection LLC (PJM) billing line items that EKPC passes through its FAC.<sup>3</sup> Having reviewed the FAC tariff and being otherwise sufficiently advised, the Commission finds that the revisions to the FAC tariff discussed herein are reasonable and are approved.

Having considered the evidence of record and being otherwise sufficiently advised, the Commission finds no evidence of improper calculation or application of EKPC's FAC charges or improper fuel procurement practices.

IT IS THEREFORE ORDERED that:

1. The charges and credits billed by EKPC through its FAC from November 1, 2020, through April 30, 2021, are approved.
2. Within 20 days of the date of the entry of this Order, EKPC shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the revisions ordered herein and reflecting that they were approved pursuant to this Order.
3. This case is closed and removed from the Commission's docket.
