INITIATING ORDER FOR ALLEGED 811 VIOLATION OF THE KENTUCKY  
UNDERGROUND FACILITY DAMAGE PREVENTION ACT

(Se proporciona la traducción al español de este documento como anexo/apéndice C.)

Kevin Phillips d/b/a Phillips Waterproofing and Concrete (Phillips Waterproofing and Concrete) has been named as a party to an investigation before the Kentucky Public Service Commission (Commission) for allegedly violating the Kentucky Underground Facility Damage Prevention Act (Act).<sup>1</sup> The Commission, on its own motion, finds that the hearing in this matter, previously scheduled for October 27, 2023, should be rescheduled to January 26, 2024.

Pursuant to KRS 278.495(2), the Commission has jurisdiction to regulate the safety of natural gas facilities in Kentucky and to enforce minimum federal pipeline safety standards. Under the Act, the Commission has authority to investigate and assess civil penalties for any violation of the Act that results in excavation damage to an underground facility used to transport natural gas or hazardous liquid subject to federal pipeline safety

---

<sup>1</sup> KRS 367.4901 through KRS 367.4917.

laws, 49 U.S.C. § 60101, *et seq.* Any person who violates any provision of the Act is subject to assessment of a civil penalty in the amount of \$250 for the first offense, no more than \$1,000 for the second offense within one year, and no more than \$3,000 for the third and any subsequent offense. Additionally, any person whose violation of the Act results in damage to an underground facility containing any flammable, toxic, corrosive, or hazardous material or results in the release of any flammable, toxic, corrosive, or hazardous material is subject to an additional penalty of up to \$1,000.

Following receipt of a report of excavation damage to its underground gas pipeline from an operator, Commission Staff (Staff) conducted an investigation and prepared an Incident Report, a copy of which is attached to this Order as Appendix A. In its Incident Report, Staff cites Phillips Waterproofing and Concrete for violation of the following provision of the Act:

KRS 367.4911(10) – When excavation or demolition is necessary within the approximate location of the underground facility, the excavator shall hand-dig or use nonintrusive means to avoid damage to the underground facility.

Based on its review of the Incident Report and being otherwise sufficiently advised, the Commission finds *prima facie* evidence that Phillips Waterproofing and Concrete violated the Underground Facility Damage Prevention Act. The Commission further finds that a formal investigation into the excavation damage incident shall be conducted.

IT IS THEREFORE ORDERED that:

1. Phillips Waterproofing and Concrete shall submit to the Commission, via email sent to [PSCED@ky.gov](mailto:PSCED@ky.gov) with the case number of this proceeding in the subject line of the message, a written response to the allegations contained in the Staff Incident Report within 20 days of receipt of this Order.

2. The October 27, 2023 hearing date is rescheduled.
3. Phillips Waterproofing and Concrete shall appear on January 26, 2024, at 9 a.m. Eastern Standard Time, in the Richard Raff Hearing Room of the Commission's offices at 211 Sower Boulevard in Frankfort, Kentucky, for the purpose of presenting evidence concerning the alleged violation of the Underground Facility Damage Prevention Act.
4. The January 26, 2024 hearing shall be conducted via video conferencing.
5. Phillips Waterproofing and Concrete shall attend the hearing by using the following link: <https://meet.goto.com/pscformalhearing/psc-damage-prevention-hearing>; information and instructions are attached to this Order as Appendix B.
6. Phillips Waterproofing and Concrete shall notify the Commission at least ten days prior to the hearing if Phillips Waterproofing and Concrete is unable to appear by video conferencing and will therefore appear in person.
7. **Any partnership, corporation, or business entity (including a limited liability company) must be represented by an attorney licensed to practice law in Kentucky, and such representation includes the filing of papers with and appearances at hearings before the Commission.**
8. An individual may submit a response to the allegations contained in the Staff Incident Report without the representation of an attorney.
9. The Staff Incident Report 43400, attached to this Order as Appendix A, is made a part of the record in this case.
10. The January 26, 2024 hearing shall be recorded by video only.

11. Please note parties who fail to appear after service will be subject to entry of a default judgment against them.

### Summary Information

---

2/16/2021

**Full details such as the cause** Phillips Waterproofing was hired by the homeowner, Nancy Warfield, to replace the existing retaining wall on the west side of the home at 4253 Northwestern Pkwy. While digging with a mini-excavator, Phillips Waterproofing cut an accurately marked 1/2" IPS Plastic gas service (#121218E), also damaging the tracer wire. The gas line was damaged on the customer side of the gas service at an approximate depth of 36", approximately 21' off the gas meter. Phillips Waterproofing crew leader on-site, Terry Crady, agreed the gas line was marked accurately prior to digging. Mr. Crady stated he tried to stay 6-8" off the markings thinking this would give him enough room to dig without damaging the gas line. Mr. Crady stated he was not aware there were any laws or guidelines stating he could not dig within 18" of the yellow locate markings.

**Extent of the damage** Broken 1/2" plastic gas service  
**Cost of the damage** \$630.00

**Steps taken to prevent re-occurrence** I gave the Phillips crew on-site several pieces of 811 literature, as well as my business card. I also explained to the crew the 811 laws, specifically about the 18" tolerance zone and what steps to take to insure they stay damage free in the future. I called Kevin Phillips, the company owner, directly after the damage as he was not present on-site. I spoke with Kevin in length about 811 laws and I also emailed Kevin some 811 contractor links.

**Amount billed to excavator** \$0.00

ORDEN DE INICIACIÓN POR LA PRESUNTA INFRACCIÓN DE TIPO 811 DE LA LEY  
DE PREVENCIÓN DE DAÑOS EN INSTALACIONES SUBTERRÁNEAS DE  
KENTUCKY

Kevin Phillips d/b/a Phillips Waterproofing and Concrete (Phillips Waterproofing and Concrete) ha sido implicado como parte de una investigación ante la Comisión de Servicios Públicos de Kentucky (Comisión) por la presunta infracción de la Ley de Prevención de Daños a Instalaciones Subterráneas de Kentucky (la Ley).<sup>2</sup> Una audiencia sobre este caso tendrá lugar el January 26, 2024. La Comisión, de oficio, considera que la audiencia sobre este asunto, previamente programada para 27 de Octubre de 2023, debe reprogramarse a 26 de Enero de 2024.

Conforme a la norma KRS 278.495(2), la Comisión tiene jurisdicción para regular la seguridad de las instalaciones de gas natural en Kentucky y para hacer cumplir las normas federales mínimas de seguridad de las tuberías. En virtud de la Ley, la Comisión tiene autoridad para investigar y evaluar las sanciones civiles por cualquier infracción de

---

<sup>2</sup> KRS 367.4901 a KRS 367.4917.

la Ley que resulte en daños de excavación a una instalación subterránea utilizada para transportar gas natural o líquidos peligrosos sujetos a las leyes federales de seguridad de tuberías, 49 U.S.C. §. 60101 *et seq.* Toda persona que infrinja cualquier disposición de la Ley está sujeta a la imposición de una sanción civil por un importe de 250 dólares por la primera infracción, no más de 1,000 dólares por la segunda infracción en el plazo de un año, y no más de 3,000 dólares por la tercera infracción y las siguientes. Además, cualquier persona cuya infracción de la ley provoque daños en una instalación subterránea que contenga cualquier material inflamable, tóxico, corrosivo o peligroso, o que provoque la liberación de cualquier material inflamable, tóxico, corrosivo o peligroso, está sujeta a una sanción adicional de hasta 1,000 dólares.

Tras recibir un informe de daños por excavación en su gasoducto subterráneo por parte de un operador, el personal de la Comisión (el Personal) llevó a cabo una investigación y preparó un Informe de Incidentes, cuya copia se adjunta a esta Orden como Apéndice A. En su Informe de Incidentes, el Personal cita a Phillips Waterproofing and Concrete por la infracción de la siguiente disposición de la Ley:

KRS 367.4911(10) - Cuando sea necesario excavar o demoler dentro de la ubicación aproximada de la instalación subterránea, el excavador deberá cavar a mano o utilizar medios no intrusivos para evitar daños a la instalación subterránea.

Basándose en su revisión del Informe de Incidentes y estando suficientemente informada, la Comisión encuentra pruebas prima facie de que Phillips Waterproofing and Concrete violó la Ley de Prevención de Daños a Instalaciones Subterráneas. La Comisión considera, además, que debe llevarse a cabo una investigación formal sobre el incidente de los daños causados por la excavación.

POR LO TANTO SE ORDENA que:

1. Phillips Waterproofing and Concrete deberá presentar a la Comisión una respuesta por escrito a las alegaciones contenidas en el Informe de Incidencia del Personal en un plazo de 20 días a partir de la recepción de esta Orden a través de un correo electrónico enviado a [PSCED@ky.gov](mailto:PSCED@ky.gov) con el número de caso de este procedimiento en el asunto del mensaje.

2. La fecha de la audiencia del 27 de Octubre de 2023 se reprograma.

3. Phillips Waterproofing and Concrete comparecerá el 26 de Enero de 2024, a las 9 a.m. Eastern Standard Time, en la sala de audiencias Richard Raff de las oficinas de la Comisión en 211 Sower Boulevard en Frankfort, Kentucky, con el fin de presentar pruebas relativas a la supuesta violación de la Ley de Prevención de Daños a Instalaciones Subterráneas.

4. La audiencia 26 de Enero de 2024 se llevará a cabo por videoconferencia.

5. Phillips Waterproofing and Concrete deberá asistir a la audiencia utilizando el siguiente enlace: <https://meet.goto.com/pscformalhearing/psc-damage-prevention-hearing>; la información y las instrucciones se adjuntan a esta Orden como Apéndice B.

6. Phillips Waterproofing and Concrete notificará a la Comisión, al menos diez días antes de la audiencia, si Phillips Waterproofing and Concrete no puede comparecer por videoconferencia y, por lo tanto, comparecerá en persona.

**7. Cualquier sociedad, corporación o entidad comercial (incluyendo una sociedad de responsabilidad limitada) debe ser representada por un abogado con licencia para ejercer la abogacía en Kentucky y dicha representación incluye la presentación de documentos y las comparecencias en las audiencias ante la Comisión.**

8. Un individuo puede presentar una respuesta a las alegaciones contenidas en el Informe de Incidentes del Personal sin la representación de un abogado.

9. El Informe de Incidentes del Personal 43400, que se adjunta a esta Orden como Apéndice A, forma parte del expediente de este caso.

10. La audiencia 26 de Enero de 2024 se grabará únicamente por vídeo.

11. **Tenga en cuenta que las partes que no comparezcan después de la notificación estarán sujetas a que se asiente una sentencia en rebeldía contra ellos.**
