Subject: Case No. 2021-00004, KPC CPCN re Mitchell Plant

Dear Kentucky Public Service Commission,

You may cling to your fossil fuel dark money of yore but your constituents are not nearly as insistent on staying in the past so you continue to receive that money. WE WANT PROGRESS. WE WANT WHAT YOU HAVE STOLEN FROM US BY YOUR REFUSAL TO DO WHATS BEST FOR US JUST SO YOU CAN CONTINUE TO LIVE WHILE THE REST OF US SUFFER.

I am submitting this public comment on my own behalf to ask you to deny KPC's request in Case No. 2021-00004. Please do not approve spending on costly capital projects to keep the Mitchell plant in

West Virginia coal-fired past 2028. This request is misguided and threatens to burden KPC customers with tens of millions of dollars in wasteful spending.

This plant can be more affordably replaced with a clean energy portfolio of renewable generation, battery storage, energy efficiency, and/or demand response. Meeting customers' needs with a cheaper clean energy portfolio is better for our pocketbooks as well as the health of our communities and the environment.

By denying this request, the PSC could save KPC's customers money, while also creating opportunities for jobs in Kentucky. Thank you in advance for your leadership in protecting Kentuckians.

Sincerely,

Heather Matney

Dear Kentucky Public Service Commission,

It is time to care about our children and their children. Coal is the past. Clean energy is the future. Again European countries are the leaders. Think of future generations and not self interests.

I am submitting this public comment on my own behalf to ask you to deny KPC's request in Case No. 2021-00004. Dear Kentucky Public Service Commission,

The Coal industry has been dying since Regan and McConnell gutted the working persons wages. Best case scenario a few more years of coal jobs then what's left is no economy. Spend this time and money investing in solar and wind and growing new skilled jobs in the eastern coal fields as well as a sustainable environment.

I lived in this misery for too long it's time to change.

I am submitting this public comment on my own behalf to ask you to deny KPC's request in Case No. 2021-00004. Dear Kentucky Public Service Commission,

Why do we have to pay for any plants that Kentucky power has. Don't they make big money as it is. They are killing us that are on fixed incomes. We need to stop this price gouging now. Thank you

I am submitting this public comment on my own behalf to ask you to deny KPC's request in Case No. 2021-00004.
