PUBLIC SERVICE  
COMMISSION

May's Lick, Kentucky 41055

Dear Sir:

I am writing to request that you say No to Industrial Solar Farms in Mason County.

6,000 acres of prime farmland has been leased in May's Lick area for Solar Farms!

My family, children and grandchildren have been engaged in Agriculture and Farming <sup>all of their lives</sup>. They Love the land and want to preserve it for future generations!

These solar farms are ugly and they are taking away ~~off~~ the beautiful farms. They will change our landscape forever!

Please say No to Industrial farms in Mason County KY.

Sincerely,  
Martha Boyd
