Inflation Nation, the value of our income buys less & less. Duke requesting an increase in natural gas to enhance their coffers. Lynn J. Good, CEO reaps huge monetary goals if she reaches the goals set for a given year. If her goal is met, she will receive a huge bonus and stock options. Tell Duke Energy NO increase in our energy costs. Tell Duke We the People of Kentucky will not have the money to heat our homes. Duke has a monopoly in NKY. We have no choice, no competition, our voice is the PSC and our Attorney General Daniel Cameron speaking for the People of Kentucky. I please our case, NO increase granted for Duke Energy of Kentucky. Yes, I speak for the unknown citizens of NKY.

State the nature of your concern: Duke Energy Request #2021-00190: increase natural gas rate, new tariffs/taxes, waivers of other relief. Ratepayers of Duke are requesting relief from Duke Energy Kentucky continually requesting basic energy increases. Lynn J. Good, CEO compensation for preset goals for a given year, if she accomplishes the goals, generous rewards and bonuses will be given. US Securities & Exchange Commission reports; Total compensation, 2020: \$14,298,352, Salary \$1,390,500, Bonuses \$1,169,578. Stock Rewards, \$11,431,738., Other compensations \$306,536. Inflation Nation has been placed on the backs of the middle class. The basic necessities of life increasing above and beyond our incomes: food, water, shelter, clothing, health care, wellness, safety, transportation. Sept. 2020-2021: eggs 13%, beef 22%, children's shoes 12%, bacon 19% just to mention a few. Inflation continuing to increase at a rapid pace with no end in sight. Duke focuses on The New Green Deal Energy, installation of Electric Car Charging Stations along I-75/71. Electric cars utilize more energy using fossil fuels. As the sun doesn't always shine and the wind doesn't always blow those huge wind turbines. We are heading towards a complete destruction of our economy. Duke Grants are given to 501(c) (3) nonprofits that finance, teach and promote

Critical Race Theory to our children and citizens. The PSC must refuse to grant Duke Energy any request to increase our basic need of natural gas to warm our homes, heat our water, to cook our food. The PSC & our Attorney General, Daniel Cameron must tell Duke NO. Stop the Demand Side Management aka DSM tariffs/ taxes as it is another welfare program placed on the backs of the middleclass. If we, the Middle Class fall so will our beloved USA. I speak for the Unknown Citizens, " Was he free, Was he happy? The question is absurd: Had anything been wrong, we should certainly have heard."-W.H. Auden. You have heard, but have you listen?
