Regard: Application of Russellville Solar, LLC Case Number 2021-00235

This is a written request for a leave to intervene concerning an application filed by Russellville Solar, LLC, on March 01, 2022, case number 2021-00235, to construct a solar farm in Logan County, Kentucky. The following request is for a local public meeting to be held in Logan County concerning this proposed project. This written request letter should be considered in addition to the written letter from Dawson Barnes Family Farms dated February 19, 2022.

This request is on behalf of Dawson Barnes Family Farms LLC. We own land on Watermelon Road which will be directly affected by the proposed solar farm. We reside in Logan County and own land in various areas of county. We have concerns about taking land out of farm production, the concern of electromagnetic radiation, the appearance of the area, the long term effects on the land, and the overall effect this will have on the entire county. We, therefore, request a local public meeting in Logan County, Kentucky, concerning this construction.

While there may have been invitational promotion meetings for this proposed project, there have been no formal public meetings surrounding this proposed development. Review of the case file shows no public meeting minutes, comments, concerns, questions, or public officials present at these promotional meetings. The Logan County Judge Executive has informed us on several occasions that there has been no formal public meeting concerning this proposed project. Therefore, once again, we would request a local public meeting to be held in Logan County concerning this proposed project.

Thank you for your time and attention to this request. We look forward to hearing from you in the near future.

Respectfully Submitted,

Dawson Barnes Family Farms LLC

John Mason and Gwen Barnes
