Regarding: Application of Russellville Solar, LLC

This is a written request for a leave to intervene concerning an application filed by Russellville Solar, LLC, to construct a solar farm in Logan County, Kentucky. The following request is for a local public meeting to be held in Logan County concerning this proposed project.

This request is on behalf of Bridget Coots, John Coots and sons John Wilson Coots and Winston Coots. I and my husband live in Todd County but farm a few thousand acres in Logan, both of my boys own a few hundred acres in Logan Co and lease more. My son John Wilson Coots actually owns a house at 528 Watermelon Rd, Russellville Ky right in front of the proposed Solar Farm. This is truly some of the best land in Logan County I would hazard to say in the United States. I have concerns about taking the land out of farming production, concerns about electromagnetic radiation, the appearance of the solar panels themselves, the long term effects of the land, and the overall effect this will have on the entire county. I am also concerned about the access easement of current county and private roadways. I, my husband and my son's therefore request a local public meeting in Logan County, Kentucky, concerning this construction.

Thank you for your time and attention to this request. I look forward to hearing from you in the near future.

Thank You

Bridget Coots
Mr Coots
John Coots
Winston Coots
