P.O. Box 615

211 Sower Boulevard

Frankfort, KY 40602-0615

1ST written request for information to Russellville Solar, LLC

Case Number 2021-00235

How close will the solar panels be to the cemeteries on the properties?

How will the solar farm benefit the entire county when only 4 landowners are involved?

Why does Russellville Solar LLC need to issue Industrial Revenue Bonds when the Federal Government is already giving incentives to companies who are investing in solar/electric?

Why are a group of TN former legislatures wanting to build solar farms in KY?

Is Shell Oil Company the only business who will be getting carbon credits from this project?

Taking land out of agriculture production will cost many people in our area their jobs. Does Russellville Solar LLC care about this?

By not growing corn, wheat, soybeans, beef cattle, etc. on this prime farmland, Russellville Solar LLC is taking food from our children. How do you plan to replenish the food supply?

How long is the actual project to last? It has been reported 20 years, 30 years and 40 years...lots of different information has been presented.

How does Russellville Solar LLC plan to return the soil to its original condition at the end of the project?

How will Russellville Solar LLC guarantee the members of the community that no harmful effects will occur due to the solar farm? Do you have studies over a 20-40 year period of time?

Why is Russellville Solar LLC selling the electricity produced in Logan County to businesses in Warren County? Why didn't you build a solar farm in Warren County instead?

What will Russellville Solar LLC do with the solar farm components at the end of the project? At the present time, there are no recycle facilities that take solar equipment. These components do not need to end up in a landfill to ultimately harm our community even further.

Why has there been no public meeting concerning this project in Logan County for the entire community to attend? Why hide your activity in small print in the classified section of the local newspaper?

Respectfully submitted,

Vernon Law
