Your inability to help Ledbetter residents is known and duly noted. Even lower volume water consumption will continue to stagnate the growth of this great community. I KNOW the sacrifice people are making in order to keep costs down and this is a health concern I have . Judge Gruber is willing to help us and u prevented it. Sincerely, Bill

I am a resident of Ledbetter Ky,that is concerned about our rates going up again. We as the citizen have tried in several meetings to found out answer to why the increase. We have been told for years to help pay loans off,but then told we were so delinquent on the loans,and had to have assistant to pay on them. There has to be a solution to the problems without raising rates again,could you please look into this for us and see what can be done. Thank you for your time,

Sharon Griggs

Linda Bridwell

I am writing to you to express my concern of the extremely high rates for our water and sewer in Ledbetter Ky.

There are many elderly and disabled people ,on fixed income that live in our community. Some of them have water and sewer bills in the &100.00 range . That is very hard for them to pay on a fixed income.

We have been paying for our (new) sewer for over 26 years ,and still owe over \$ 2 million on two loans.

Any thing that you could do to help us out would be greatly appreciated by our community.

Thank You,
Rickey McIntyre
Ledbetter Ky.

As a resident of Ledbetter for 8 years now, our water bill is now almost our largest monthly bill. And now it's going higher. Living on Social Security with a wife with many health issues, I am asking for help. I'm aware somewhat of the loans taken out years ago, and still not paid. We should not be responsible for this after so many years. Things don't add up. Please, let's get something done immediately about this. I love living where I'm at, but this could force me to move. I appreciate your time and please help the people of Ledbetter, KY. Thank you
