Re: Intervention in Case No. 2021-00346

Dear Ms. Bridewell:

The response of a Katie. M. Glass with the law firm of "STITES & HARBISON PLLC" to my letters to the Kentucky Public Service Commission, for intervention on behalf of my family is pathetic. It is apparent, their arrogance to the "Environment" and the endangerment to the "Detrimental Effects" to my family's "Health" is more than sad.

Enclosed in this letter are letters I sent on my family's behalf to the following Environment Protection Agencies:

1) Kentucky Attorney General: Daniel Cameron; Office of Civil and Environmental Law Re: KRS 15.255

2) United States Environmental Protection Agency
Michael S. Regan: Administrator
Atlanta Federal Center
61 Forsyth Street, SW
Atlanta, Georgia 30303-3104

This letters documents once again your intervention on my behalf in this most urgent and important matter. Please do not render a decision until Environmental Agencies have determined the irreparable damage that will happen if you grant them the right to destroy the environment and my family's health.

Hopefully, the "BIG MONEY OF FRANKFORT LOBBYISTS" will not be factors in your decision. Being a 72 year old in poor health and disabled since 1997, I don't have the power, influence and finances to hire "Big Time Law Firms In Frankfort"!!!!

I request copies of any and all correspondence, between your agency to Kentucky Electric Power and "Stittes & Harbison PLLC.

Sincerely,

Volney B. Allen aka Brent Allen

Re: Intervention in Case No. 2021-00346

Dear Mr. Regan:

I'm requesting your agencies "investigation and intervention" pursuant to Kentucky Electric Power application to construct "Transmission Lines" on my families farm, located in Eastern, Kentucky.

Enclosed in this faxed letter, are (2) letters to the Kentucky Public Service Commission, for their intervention in the aforementioned case. Documenting (8) arbitrary and capricious facts, that would cause "Irreparable Damage", to the ecological environment on my family's farm.

Your immediate attention is required, before this irreparable damage begins. I'm a "Seventy Two year old" in poor health and have been Disabled, since 1997. I do not have the monetary means to fight this matter in court. There are time constraints with which your assistance is required.

I expect a response from you, upon receiving my letter, requesting your investigation and intervention in this most important matter. I request copies of any and all correspondence, between your agency to "Kentucky Electric Power" and "Kentucky Public Service Commission".

Any correspondence from your agency; please respond via The United States Postal Service.

Sincerely,
