**Subject:** Case# 2021-0036

I am writing to express my opposition to the proposed construction of a 138 KV transmission line across the property of

Volney Brent Allen. Mr. Allen owns a beautiful farm that has been in his family for over one hundred years, and he hopes to leave

this farm one day to his grandchildren. He generously shares his property with friends and neighbors who want to fish in his pond or

enjoy the grounds.

His property has already been negatively impacted by a new highway and a new school. Enough is enough! Let KPC construct their line

on a different route. Please respect his rights as a landowner and deny KPC's proposed route as stated in the application.

Thank you for your consideration.

Sincerely,

Paul D. Hagens

I am writing you in regards to case number 2021-00346.

Mr. Allen is a friend and I am writing you out of great concern for him and his family. The land in question has been a part of his family since the 1800s and upon his death will go to his grandchildren. I would hope that anyone involved with this case would consider this situation as if it they were in the same situation.

Our community feels as if a great injustice will be done if you force/take his land even if he is receiving compensation. There are other pieces of land and routes that the proposed construction could be built on. It is very much a worrisome problem that the individual rights of Mr. Allen seem to be pushed to the side. I

It is my hope that this can be resolved and that Mr. Allen does not have leave his families land.

I sincerely hope that you will personally come and walk over the properties in question and put yourself in his shoes.

Please feel free to call me anytime. I would greatly appreciate the opportunity to talk directly to you.

Mr. Shannon D. Shepherd
