_____)	CASE NO.
)	2021-00356
ALLEGED VIOLATION OF UNDERGROUND)	
FACILITY DAMAGE PREVENTION ACT)	

This matter was originally established by an Order of the Commission, dated September 15, 2021. The hearing in this matter was reset for January 26, 2024, by an Order of the Commission, dated October 26, 2023.

Staff moves that the Commission enter judgment against Phillips Waterproofing and Concrete pursuant to KRS 13B.050(3) and the following:

1. Phillips Waterproofing and Concrete was duly served with a copy of the Initiating Order and Final Investigative Report by the Bullitt County Sheriff's Department on November 6, 2023.
2. Phillips Waterproofing and Concrete has not filed an answer or any other responsive pleading and the time for such has since expired.
3. The Initiating Order and Final Investigative Report cited a violation of KRS 367.4911(10) when, on January 19, 2021, at approximately 1:00 PM at 4253 Northwestern Parkway, Louisville, KY 40212, Phillips Waterproofing and Concrete failed to use nonintrusive means to avoid damage within the approximate location of the underground facility. As outlined in the Final Investigative Report, Phillips Waterproofing and Concrete was excavating using mechanized equipment within the tolerance zone of

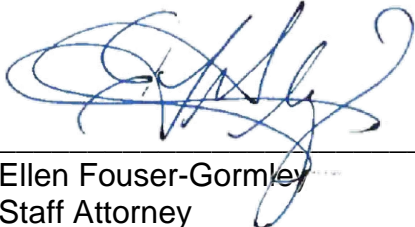

an accurately marked natural gas line to replace a retaining wall when the bucket of the excavator punctured the natural gas service line owned and operated by Louisville Gas and Electric Company (LG&E) to serve the public on the customers side of the service.

4. The Initiating Order and Final Investigative Report cited a violation of KRS 367.4917(4) for damaging a facility that contains any flammable, toxic, corrosive, or hazardous material or results in the release of any flammable, toxic, corrosive, or hazardous material. As outlined in the Final Investigative Report, Phillips Waterproofing and Concrete hit and punctured an accurately marked ½” IPS plastic gas service line resulting in the release of natural gas into the atmosphere. The civil penalty for a violation of KRS 367.4917(4), is \$1,000.

5. The total civil penalty assessed in the Initiating Order being \$1,250, but that \$1,000 of the penalty should be suspended upon Phillips Waterproofing and Concrete’s completion of the remedial Damage Prevention training. Phillips Waterproofing and Concrete completed the remedial training on June 5, 2023 but has failed to pay the reduced civil penalty of \$250.

6. That by reason of Phillips Waterproofing and Concrete’s default, Staff is entitled to a final order as a matter of law.

WHEREFORE, Staff respectfully requests for a final order by default against Phillips Waterproofing and Concrete in the amount of \$250, and that the Commission’s investigation of Damage Incident 43400 be closed, and this case removed from the Commission’s docket.

ORDER

A hearing was scheduled before the Kentucky Public Service Commission (Commission) on January 26, 2024, at its offices at 211 Sower Boulevard, Frankfort, Kentucky, concerning the allegation that Phillips Waterproofing and Concrete violated KRS 367.4911(10) when, on January 19, 2021, at approximately 1:00 PM at 4253 Northwestern Parkway, Louisville, KY 40212, Phillips Waterproofing and Concrete conducted excavation activities within the approximate location of an accurately located underground facility with mechanized equipment and thereby cause damage to a ½" gas service line owned and operated by Louisville Gas and Electric Company (LG&E) to serve the public.

According to the Damage Report submitted to the Commission by LG&E, which is encompassed in the Final Investigative Report compiled by the Commission's Division of Inspections, Phillips Waterproofing and Concrete was stated to be in violation of KRS 367.4911(10) and subject to a civil penalty for this violation by operation of KRS

367.4917(1) and KRS 367.4917(4). Phillips Waterproofing and Concrete did not appear at the hearing.

Upon Commission Staff's Motion for Default Judgement herein against Phillips Waterproofing and Concrete, and it appears that Phillips Waterproofing and Concrete was duly served with the Initiating Order and Final Investigative Report on November 6, 2023, and made no Answer nor filed any responsive pleading herein, and is thereby in default, and the Commission being otherwise sufficiently advised;

IT IS HEARBY ORDERED that:

1. Phillips Waterproofing and Concrete be assessed a civil penalty in the amount of \$250 for violation of KRS 367.47911(10) and KRS 367.4917(4).
2. Phillips Waterproofing and Concrete shall pay \$250 within 30 days of this Order by cashier's check or money order payable to the Kentucky State Treasurer and mailed or delivered to the office of the Kentucky Public Service Commission at 211 Sower Boulevard, Frankfort, Kentucky 40602.
3. The Commission's Investigation of Damage Incident 43400 is hereby closed, and this case is removed from the Commission's docket.

THIS IS A FINAL AND APPEALABLE ORDER OF THE PUBLIC SERVICE COMMISSION.

An application for a rehearing may be filed with the Commission within 20 days after service of this Order as provided by KRS 278.400. Any appeal of this Order must be filed with the Franklin Circuit Court within 30 days after service of this Order or within

20 days after an application for rehearing has been denied by failure of the Commission to act or, within 20 days after service of the final Order, as set out in KRS 278.410.
