RE: Sale of Kentucky Power to Liberty Utilities

April 4, 2021

Dear Chairman Chandler,

As Judge of Perry County I am writing in support of the purchase of Kentucky Power to Liberty Utilities. We have had an exceptional partnership with Kentucky Power in our economic efforts to create and maintain jobs in Perry County and Hazard. After meeting with both David Swain, President, Liberty Utilities and Vice President, Governmental Affairs, Sandy Hennequin, we feel Liberty will continue the same supportive relationship as we all work together to create a stronger economy while providing dependable service to our residents.

Liberty is committed to lowering customer bills by 14-16%. potentially saving our residents and Eastern Kentuckians hundreds of dollars per year. Liberty has also committed to expanding operations, becoming part of the community and keeping the current knowledgeable and experienced team of Kentucky Power employees which is important to us all.

As Judge, I appreciate the process, but want to provide my endorsement of Liberty in their interest to purchase Kentucky Power. We feel Liberty will be a supportive and collaborative partner as we all work together creating the best opportunities for Eastern Kentucky.

Sincerely,

Scott Alexander  
Perry County Judge Executive

RE: Sale of Kentucky Power to Liberty Utilities

Dear Chairman Chandler,

This letter of commitment is to support the sale of Kentucky Utilities to Liberty Utilities on behalf of the Hazard Perry County Chamber of Commerce. The chamber believes Liberty will work with Eastern Kentucky customers to lower electric bills and provide the best service possible. Liberty is committed to lowering customer bills by 14-16%, potentially saving Eastern Kentuckians hundreds of dollars per year. We believe Liberty will have an economic impact by providing jobs and creating other opportunities as we all work together to strengthen and diversify our economy.

It is important to the Chamber Board and our members that Liberty has committed to expanding operations and keeping the current team of Kentucky Power employees.

Kentucky Power has been an outstanding partner and supporter with Hazard Perry County Economic Development Alliance efforts to bring new jobs and private investment to Perry County and the region. Liberty Utilities executives promise to continue their efforts, and possibly broaden that support so we continue the progress made.

The Hazard Perry County Chamber of Commerce strongly urges the approval of the sale of Kentucky Power to Liberty Utilities. I am glad to provide further comments if needed.

Sincerely,

*Betsy Clemons*

I am writing to express my opposition to the sale of Kentucky Power to Liberty Utilities, a company headquartered in another country. Kentucky Power has overpriced and underserved eastern Kentucky for decades and now they plan to cash in with this sale. In other words, making a huge profit on the backs of poor people. I could write a book about the neglect and overpricing eastern Kentucky for Kentucky customers, but you never took any interest in that. This sale is not designed to benefit Kentucky Power's customers, only the stockholders. You tend to forget the Public Service in your name.

I am writing in protest of proposed Kentucky Power Company sale to Liberty Utilities. Kentucky Power, in my opinion, has long gotten richer at the expense of Eastern Kentuckians. It is a shame how the prices rise from late fall throughout the winter months. Even if this sale goes through, Liberty will hit us with higher bills than ever because they will say KY Power left them with huge amounts of upkeep to do, and who will be left continuing to pay the prices through increased utility bills.

I applaud our elected officials who are trying to take care of the people who elected them.
