Linda Bridwell, Executive Director
Kentucky Public Service Commission
211 Sower Boulevard
Frankfort, KY 40602

December 5, 2022

Dear Ms. Bridwell,

My name is George Casteel, I am the owner of the property located at 5826 Limaburg Rd, Burlington, KY, 41005. I am writing this letter to request intervention in the **Case No. 2022-00364** Limaburg to Oakbrook Reliability Project. I am requesting more information on this project to further understand the impact on my property. Questions I have include: 1. Where will the electrical poles and guidewires be located on the property? 2. What part of the property will the electric wires cross over the property? 3. This property is zoned commercial and I have plans to go commercial with the property. I need to know if this will affect or impede me from doing so. 4. What liability do I have if someone gets injured during the project or damages my property or someone else's property? 5. Do I have to give easement right of way? 6. After the wires are installed am I liable for any damages to the property, or other's property, or an individual?

Sincerely,

George L. Casteel
2610 2nd Creek Rd
Petersburg, KY 41080
