State the nature of your concern: In re: case 2022-00367 I strongly am against their request for 3 million dollar rate increase!! 3 MILLION!!!!!!!!!!!!!! Ridiculous!!!!!! Their district is one of the poorest in the state. Loss of jobs, (thanks to coal mine's closing), many living on a small fixed income, (if approved and Kentucky Power approved there goes the increase in many social security raises from January). Barely able to pay bills now!!!! No air conditioning this very hot summer ROASTING!!!! That's another case you're deciding on. If approved we can't buy groceries, guess we'll make salads with weeds and grass! No joke, my lawn is full of plantain which is a healthy green. If all these big companies/corporations increase is approved it might be time we citizens ask ourselves what can we do to survive!!!! You represent the

PEOPLE of Kentucky NOT companies/corporations!!!!!!! Please side with the people and give us a break!!!!!!

Have you contacted the utility about the problem: No
