

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS ADJUSTMENT)	CASE NO.
FILING OF NATURAL ENERGY UTILITY)	2022-00179
CORPORATION)	

ORDER

On June 7, 2022, Natural Energy Utility Corporation (Natural Energy) filed its proposed Gas Cost Recovery (GCR) rate report to be effective July 1, 2022. Natural Energy's previous GCR rate was provided in Case No. 2022-00052.¹

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates or the rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.²

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

¹ Case No. 2022-00052, *Electronic Purchased Gas Adjustment Filing Of Natural Energy Utility Corporation* (Ky. PSC Mar. 30, 2022).

² KRS 278.274(2); KRS 278.274(3)(c); and KRS 278.274(3)(d).

1. Natural Energy's report includes revised rates designed to pass on to its customers its expected change in gas costs.

2. Natural Energy's report sets out an Expected Gas Cost (EGC) of \$7.2344 per Mcf, which is an increase of \$1.0207 per Mcf from its previous EGC of \$6.2137 per Mcf.

3. Natural Energy's report sets out no Refund Adjustment.

4. Natural Energy's report sets out a current quarter Actual Adjustment (AA) of (\$0.9065) per Mcf. Natural Energy's total AA is (\$1.1752) per Mcf, which is a decrease of \$0.9741 per Mcf from its previous total AA of (\$0.2011) per Mcf.

5. Natural Energy's GCR is \$6.0592 per Mcf, which is an increase of \$0.0466 per Mcf from its previous GCR of \$6.0126 per Mcf.

6. The rates as proposed by Natural Energy and set forth in the Appendix to this Order are fair, just and reasonable and should be approved for final meter readings by Natural Energy on and after July 7, 2022. Natural Energy did not provide the 30 days' notice required for its rate to be effective July 1, 2022.

7. For the purpose of transparency and to maintain a record of information for future use, the Commission finds that Natural Energy shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports

8. Should Natural Energy purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Natural Energy and set forth in the Appendix to this Order are approved for final meter readings on and after July 7, 2022.

2. Natural Energy shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports.

3. Within 20 days of the date of entry of this Order, Natural Energy shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.

4. This case is closed and removed from the Commission's docket.
