PUBLIC SERVICE
COMMISSION

To the public Service Commission

I Dennis L. Good am writing you in protest
OF the proposed water rates increase OF THE WATER
SERVICE CORPORATION OF KENTUCKY. They are asking
A fixed rate change From \$13.27 TO 17.53. This is
ALRedy too high. why should we have to pay This on top
OF water usage charge?

They are also asking for a 31.12% on our water
rates. This is outrageous. Their are ~~thousands~~ Thousands
of us on fixed income. social security gives us a raise
and medicare takes it away. How is this a raise?
The water company has already had many unfair increases.
Why should we have to pay these unfair prices,
are we not having it bad enough at the gas pumps
grocery store and every thing else?

These charges proposed by the water
company is unfair to everyone.

PLEASE DON'T Let Them This outrageous thing
TO US.

Respectfully

Dennis L. Good

P.S. I have worked hard ALL my life, I have
never seen things this bad. I AM 68 yrs old, ALSO
A NAVY VET.
