Docket # 2022-00193

To Whom It May Concern,

As an adjoining property owner, I stand firmly against this location for this proposed tower. Not only is the location on the site ~~map~~ map misleading, it has a political smell about it. The Green family, also are against it. The current magistrate, Jerry Hadley, a former One-Co/Verizon employee supported this. He won reelection in May by only 4 votes. The tower was not on the ballot. Had we known, he would have been flogged. Mr. Hadley said there would be a public meeting. I'll be there.

Nelson E. McQuaide
