INTRA-AGENCY MEMORANDUM

KENTUCKY PUBLIC SERVICE COMMISSION Case

TO: File No. 2022-00318

FROM: Whitney Saffari, Staff Attorney

DATE: September 24, 2026

RE: Informal Conference of September 14, 2026

Pursuant to Staff's Notice issued August 27, 2026, an informal conference (IC) was scheduled and conducted on September 14, 2026. Attached is a copy of the attendance roster.

The purpose of the IC was to discuss Beech Grove Water System, Inc.'s (Beech Grove Water) June 15, 2026 request to expend surcharge funds. Staff requested that Beech Grove Water explain how the leak fell outside the ordinary course of business, and Beech Grove Water explained that the leak that took place at 131 Hunt Road involved replacing pipeline that required a road bore to complete. Beech Grove Water also explained that it was under the impression that it was authorized to use surcharge funds for line replacement projects.

While discussing the project, Beech Grove Water provided additional details pertaining to the line replacement, including that it was upgrading the pipe material since many of its leaks were due aging infrastructure, with water lines installed during the 1960s. Staff informed Beech Grove Water that an additional request for information would be needed in order to receive additional information and discussed updating the district's qualified infrastructure improvement plan. Beech Grove Water stated that all the leaks that have been repaired involved replacement of aging infrastructure which in turn would lower unaccounted for water loss.

Staff also discussed the procedural requirements outlined in Commission regulation 807 KAR 5:001 pertaining to responding to future requests for information.

There being no further discussion, the IC was then adjourned.
