ELECTRIC RATES; (2) APPROVAL OF NEW)	CASE NO.
TARIFFS; (3) APPROVAL OF ACCOUNTING)	2022-00372
PRACTICES TO ESTABLISH REGULATORY)	
ASSETS AND LIABILITIES; AND (4) ALL OTHER)	
REQUIRED APPROVALS AND RELIEF)	

<u>ORDER</u>

On October 12, 2023, the Commission issued a final Order addressing the application of Duke Energy Kentucky, Inc. (Duke Kentucky) for approval of an adjustment of electric rates, tariff revisions as well as other appropriate or required approvals.¹ On November 1, 2023, Duke Kentucky filed for rehearing on the final Order issued in this matter. In response to Duke Kentucky's rehearing petition, several parties to the case filed responses. On November 8, 2023, the Attorney General of the Commonwealth of Kentucky, by and through the Office of Rate Intervention (Attorney General) filed a response requesting that the Commission grant, in part and deny, in part, Duke Kentucky's motion.² The Sierra Club also filed a response asking the Commission to

¹ The Application was deemed filed on Dec. 14, 2022.

² Attorney General's Response to Duke Energy Kentucky, Inc.'s Petition for Rehearing (filed Nov. 8, 2023) at 1.

grant rehearing.³ Duke Kentucky filed a response in support of its petition for rehearing on November 13, 2023.⁴

The Commission issued an Order on November 21, 2023, granting, in part, and denying, in part, rehearing on several issues. On November 22, 2023, the Commission issued a procedural schedule for the rehearing portion of the proceeding.⁵

Duke Kentucky responded to two additional requests for information from Commission Staff⁶ as well as two requests for information from the Attorney General.⁷ On February 9, 2024, Duke Kentucky filed a request to submit the rehearing matter on the record. On that same day, the Attorney General requested an opportunity to brief the issues. The remaining parties in the matter, Walmart, Kroger and KBCA, filed requests for the matter to be submitted on the record.⁸ On February 15, 2024, the Commission granted the Attorney General's motion and issued a briefing schedule allowing for simultaneous initial and response briefs. On March 18, 2024, Duke Kentucky and the

³ Sierra Club's Response to Duke Energy Kentucky, Inc.'s Petition for Rehearing (Nov. 8, 2023) at 9.

⁴ Walmart, Kroger, and Kentucky Broadband Cable Association (KBCA) were also granted intervention in this matter. They did not file a response to the petition for rehearing.

⁵ Order (Ky. PSC Nov. 22, 2023).

⁶ Duke Kentucky's Response to Commission Staff's First Request for Information (Staff's First Request) (filed Dec. 22, 2023); Duke Kentucky's Response to Commission Staff's Second Request for Information (Staff's Second Request) (filed Jan. 26, 2024).

⁷ Duke Kentucky's Response to the Attorney General's First Request for Information (Attorney General's First Request) (filed Dec. 21, 2023); Duke Kentucky's Response to the Attorney General's Second Request for Information (Attorney General's Second Request) (filed Jan. 26, 2024).

⁸ KBCA's Letter requesting the matter be submitted on the record (filed Feb. 9, 2024); Walmart's Letter requesting the matter be submitted on the record (filed Feb. 9, 2024); Kroger's Letter requesting the matter be submitted on the record (filed Feb. 9, 2024); Sierra Club did not make a filing.

Attorney General each filed its respective initial brief. On April 1, 2024, Duke Kentucky filed a reply brief. The matter now stands for a decision on the record.

DISCUSSION AND RECOMMENDATION

On site Payment Locations

Duke Kentucky acknowledged that the utility had only one fee free payment location.⁹ In the final Order,¹⁰ the Commission ordered Duke Kentucky to maintain an office that is open five days a week for a total of 40 hours each week in which customers can make payments without having to pay a service fee and noted that the Erlanger facility could be adapted for this purpose.¹¹

In its petition for rehearing, Duke Kentucky argued that adaption of the Erlanger office would be "cost inefficient and burdensome." Duke Kentucky argued that it would prefer to offer different options as an alternative to the Commission's Order. Duke Kentucky stated it is able and willing to arrange for multiple Kroger grocery stores to accept customer payments free of charge. The Kroger grocery stores will be located throughout the company's service territory and typically operate ten hours a day, seven days a week. Duke Kentucky stated that these Kroger payment centers will be able to accept payments, communicate account balances, and provide customers with payment

¹⁴ Duke Kentucky's Petition for Rehearing at 4.

amounts needed to avoid disconnection.¹⁵ As an alternative to the Kroger option, Duke Kentucky requested that the Commission convert the requirement in its Order to a requirement to allow Duke Kentucky to study the potential impacts to customers of such a proposal, such as it did in 2009.¹⁶

In response to additional requests for information, Duke Kentucky stated that it would have sixteen Kroger payment locations.¹⁷ Duke Kentucky provided the contract with its payment service provider and stated that, with 60 days written notice, the company can switch from a customer paid convenience fee to a client paid convenience fee.¹⁸ Duke Kentucky stated that upon issuance of approval from the Commission the utility would provide this notice to its service provider.¹⁹

The Attorney General's initial response to the petition for rehearing and the brief on rehearing did not address this issue.

Having reviewed the record and being otherwise sufficiently advised, the Commission finds that Duke Kentucky's request to allow for fee free Kroger payment locations instead of requiring Duke Kentucky to staff at least one fee free location in Kentucky is reasonable and should be granted. The Kroger stores are located across the Duke Kentucky service area and will provide more opportunities for customers to make fee free payments. Duke Kentucky should be required, as requested, to provide notice

to the service provider to shift to a client paid convenience fee and provide notice to the Commission once this notice has been tendered and implementation complete.

Waiver of 807 KAR 5:006, Section 7(1)(a)(3) (Section 7) for Time of Use with Critical Peak Pricing (Rate RS-TOU-CPP)

In its application, Duke Kentucky requested a waiver of 807 KAR 5:006 Section 7(1)(a)(3) for the Time of Use with Critical Peak Pricing rate schedule (Rate RS-TOU-CPP).²⁰ In the final Order, the Commission denied the waiver.²¹ In the petition for rehearing, Duke Kentucky said the finding was unsupported and without the waiver, it could not implement Rate RS-TOU-CPP as currently approved without a significant billing reprogramming/software upgrade, which Duke Kentucky indicated would be cost prohibitive.²²

On rehearing, Duke Kentucky confirmed that meter reads, beginning and ending, for customers on Rate RS-TOU-CPP are not available on Duke Kentucky's website or on Duke Kentucky's printed bills.²³ For customers not billed through interval data, the meter reads are available on the customer's printed bill and bill images online.²⁴ Notwithstanding the lack of meter reads, Duke Kentucky argued that it still provides customers with enough information for the customer to understand and review their bills.²⁵ According to Duke Kentucky, since billing is calculated based on usage during designated

²⁵ Duke Kentucky's Initial Brief at 8.

time periods and not on the difference between the start and ending meter read, the beginning and end reads are not necessary.²⁶ In support of its position, Duke Kentucky provided the information related to the additional expense and man hours related to a software change.²⁷

The Attorney General did not address this issue in the rehearing brief or in the initial response to the rehearing petition.

Having reviewed the relevant record, the rehearing pleadings, and being otherwise sufficiently advised, the Commission finds that Duke Kentucky's request for waiver of 807 KAR 5:006, Section 7(1)(a)(3) is denied. The Commission acknowledges its ability to grant a deviation, and that Duke Kentucky desires to maintain its current software without revisions upgrades. However, the Commission may only grant a deviation for good cause shown. An officially promulgated administrative regulation is generally recognized as having the force of law and as typically elaborating the requirements of a law or policy. The utility has the burden of demonstrating good cause for a waiver each time a waiver is requested. To support its request, Duke Kentucky points to having followed a Commission Order issued in a prior matter by requesting the waiver. That Order, however, was issued in April 2020, thus four years plus have passed giving Duke Kentucky ample time to bring its electronic billing system into compliance with the

²⁸ Black's Law Dictionary (11th ed. 2019) (See Administrative rule); *Kearney v. University of Kentucky* 638 S.W.3d 385, 401 (Ky. 2022).

²⁹ Case No. 2019-00271 Electronic Application of Duke Energy Kentucky, Inc. for 1) An Adjustment of the Electric Rates; 2) Approval of New Tariffs; 3) Approval of Accounting Practices to Establish Regulatory Assets and Liabilities; and 4) All Other Required Approvals and Relief (Ky. PSC Apr. 27, 2020), Order at 60–61.

regulation. Moreover, the Order did not indicate that a waiver in that matter would mean a waiver in the future. In fact, the Order specifically indicated that a waiver in the matter was not intended to be granted in perpetuity so that the matter could be revisited as conditions change by Ordering Duke Kentucky to request a waiver in the future.³⁰

When asked initially about the billing information and in the testimony related to the request for waiver, Duke Kentucky witness Bruce L. Sailers initially stated that the beginning and ending meter reads would not be available; he then stated that "the beginning and ending meter readings are no longer relevant" and that the "customers will have even greater access to actual usage information"; however he then averred that "even though the Company is proposing not to include this information on the bill going forward, customers who desire that information will have the mean to access it themselves upon demand".31 This was clearly an attempt to be dismissive and evasive in testimony. Although in the rehearing requests, Mr. Jacob Colley attempted to clarify the testimony;³² Mr. Sailers did not accurately portray the information available to someone participating in this rate of service. Based on the totality of the information provided, the Commission is unpersuaded that a customer could accurately understand or attempt to verify the rates and calculations on their bill based on the information provided to them. Duke Kentucky did not appear to understand, in asking for the waiver, what information the customer would have. The Commission will continue to consider

³⁰ Case No. 2019-00271, Apr. 27, 2020 Order at 60-61.

³² Duke Kentucky's Response to Staff's First Post-hearing Request, Items 1 and 2.

requests for waivers of this regulation in the future but will expect Duke Kentucky to present evidence that good cause exists to grant the waiver.

Effect of the Denial of the Waiver

As a result of the Commission's denial of the waiver of 807 KAR 5:006, Section 7(1)(a)(3), several issues raised by Duke Kentucky in its rehearing petition are moot. Duke Kentucky raised the issue of Rate RS-TOU-CPP Deferral and Rate RS-TOU-CPP as it relates to the final Order's Appendix B.³³ The Commission will not address these issues as they are now moot and the calculations in Appendix B reflect fair, just and reasonable rates excluding consideration of these issues.

Terminal Net Salvage Adjustment

In Duke Kentucky's petition for rehearing, Duke Kentucky argued that the Commission's use of KRS 278.264 to remove decommissioning costs from all generating asset depreciation rates conflicts with KRS 278.264 on its face, as KRS 278.264 applies to "fossil fuel fired combustion or steam generating sources" only.³⁴ According to Duke Kentucky, the Commission had previously allowed decommissioning costs in depreciation rates and as such, Duke Kentucky included the decommissioning costs in the depreciation rates in this application.³⁵ Duke Kentucky noted that, even with solar generation, there would be costs attributable to the decommissioning of that asset.³⁶

³³ Duke Kentucky's Petition for Rehearing at 22; Duke Kentucky's Petition for Rehearing at 24-25.

³⁴ Duke Kentucky's Initial Post-Hearing Brief at 10.

³⁵ Duke Kentucky's Initial Post-Hearing Brief at 10-11; citing Case No. 2017-00321, Electronic Application of Duke Energy Kentucky, Inc. for: 1) An Adjustment of the Electric Rates; 2) Approval of an Environmental Compliance Plan and Surcharge Mechanism; 3) Approval of New Tariffs; 4) Approval of Accounting Practices to Establish Regulatory Assets and Liabilities; and 5) All Other Required Approvals and Relief (Ky. PSC Apr. 13, 2018), Order at 27.

³⁶ Duke Kentucky's Initial Post-Hearing Brief at 11.

Duke Kentucky requested that the Commission, at a minimum, exclude only solar generation assets, resulting in a \$0.141 million revenue requirement increase.³⁷

Recognizing that the Commission has plenary authority to set rates, the Attorney General argued that Duke Kentucky did not provide any information that could not have been produced prior to the original hearing.³⁸ The Attorney General also argued that Duke Kentucky should not be allowed to recover decommissioning costs related to solar generation as part of depreciation rates.³⁹ The Attorney General alternately asked that escalation be removed from the decommissioning costs and the expense be recovered separately though rates as a standalone expense and not part of depreciation rates.⁴⁰

In response, Duke Kentucky argued that decommissioning costs are regularly included in depreciation rates and because the Commission relied on KRS 278.264 to remove the decommissioning costs, the removal should be limited to fossil fuel generation.⁴¹

Having reviewed the relevant record, the rehearing pleadings, and being otherwise sufficiently advised, the Commission finds that Duke Kentucky should be allowed to recover decommissioning costs for solar generation, resulting in a \$0.140 million revenue requirement increase. As Duke Kentucky pointed out, the Commission noted, in its

³⁷ Duke Kentucky's Initial Post-Hearing Brief at 12; *citing* Duke Kentucky's Response to the Attorney General's First Post-Hearing Request for Information, Item 3, including Attachments provided to Staff's Post-Hearing, Item 3.

⁴⁰ Attorney General's Initial Post-Hearing Brief at 7.

⁴¹ Duke Kentucky's Post- Hearing Reply Brief (filed Apr. 1, 2024) at 5-10.

rehearing Order that "KRS 278.264 does not apply to solar generation assets."⁴² The Commission notes that the final adjustment amount of \$0.140 million is lower than Duke Kentucky's proposed adjustment amount. The Commission used Duke Kentucky's proposed rate of return (ROE) to calculate its adjustment, in keeping with the calculation for all other rate base adjustments.

Rate Case Disallowance:

In its petition for rehearing, Duke Kentucky objected to estimated rate case expenses in the amount of \$160,000 being removed from its rate case expense. Duke Kentucky argued that, due to the timing of its expense updates and briefing schedule, estimated expenses were the only way to include the costs incurred after the hearing. Duke Kentucky stated that the costs were for outside counsel hired to assist with the production of post-hearing data requests, preparation and filing of post-hearing briefs, and review of intervenor briefs. Duke Kentucky alleged it did its best to attempt to provide the Commission accurate timely expense reports. Duke Kentucky noted that if granted, the inclusion of this amount would result in a \$32,000 increase to the revenue requirement and requested further direction on how to handle estimated rate case

⁴² Duke Kentucky's Initial Post-Hearing Brief at 10; *citing* Rehearing Order at 12.

⁴³ Duke Kentucky's Petition for Rehearing at 21-22.

⁴⁵ Duke Kentucky's Petition for Rehearing at 21-22.

⁴⁶ Duke Kentucky's Petition for Rehearing at 21-22.

expense in the future.⁴⁷ Duke Kentucky subsequently provided actual rate case expense information for outside counsel.⁴⁸

The Attorney General did make one request as to rate case expense;⁴⁹ however, the Attorney General did not brief the issue.

Having reviewed the relevant record, the rehearing pleadings, and being otherwise sufficiently advised, the Commission finds that Duke Kentucky should be able to recover the actual amount of outside counsel fees incurred after the hearing of \$159,826, the 5-year amortization of which is \$31,965.

In future cases, the Commission appreciates that rate case work is on-going throughout the pendency of the matter. Consequently, utilities may consider filing periodic updates of case expenses, including legal fees, until such time as an Order is issued, even if not requested in a Commission Staff request for information.

Other Issues:

In its petition for rehearing, Duke Kentucky stated that it appeared the Commission, when calculating rates included in Appendix B of the final Order included the Rider Environmental Surcharge Mechanism (ESM) as originally proposed by Duke Kentucky for roll-in to base rates. In the final Order, the Commission denied the roll-in proposal, which, therefore, reduced Duke Kentucky's forecasted test year revenue requirement increase.

⁴⁷ Duke Kentucky's Petition for Rehearing at 21-22.

⁴⁸ Duke Kentucky's Response to Staff's First Post-Hearing Request, Item 4.

⁴⁹ Attorney General's First Request, Item 4.

Having reviewed the relevant record, the rehearing pleadings, and being otherwise sufficiently advised, the Commission finds that the Rider ESM was not removed from the original calculated rates included in Appendix B of the final Order. Based on the findings mentioned herein and review of the record, the Commission finds that the rates set out in Appendix C reflect the appropriate calculations and are fair, just and reasonable rates. Additionally, pursuant to KRS 278.190, the Commission finds that within 45 days of the date of service of this Order, Duke Kentucky shall issue a refund to each customer all amounts collected from that customer in excess of the rates approved in this Order. The Commission also finds that within 60 days of the date of this Order, Duke Kentucky shall submit a written report to the Commission in which it describes its efforts to refund all monies collected in excess of the rates that are set forth in Appendix C to this Order.

IT IS THEREFORE ORDERED that:

- 1. The rates and charges, as set forth in Appendix C to this Order, are approved as fair, just and reasonable rates for Duke Kentucky and these rates and charges are approved for service rendered on and after the date of entry of this Order.
 - 2. The typographical corrections set out in Appendix A are approved.
- 3. The Commission's October 12, 2023 final Order, as modified by the November 21, 2023 Order, is amended to reflect the modifications discussed in this Order.
- 4. All other provisions of the October 12, 2023 final Order, as modified by the November 21, 2023 Order, shall remain in full force and effect.
- 5. Within 20 days of the date of service of this Order, Duke Kentucky shall file with this Commission, using the Commission's electronic Tariff Filing System, revised

tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.

- 6. Within 45 days of the date of service of this Order, Duke Kentucky shall issue a refund to each customer all amounts collected from that customer in excess of the rates approved in this Order.
- 7. Within 60 days of the date of this Order, Duke Kentucky shall submit a written report to the Commission in which it describes its efforts to refund all monies collected in excess of the rates that are set forth in Appendix C to this Order.
- 8. Any documents filed with the Commission pursuant to ordering paragraph 7 shall be filed in the post-case documents in this case.
- 9. The Kroger fee free payment locations are approved as outlined in this Order.
- 10. Within 14 days after notifying its payment servicer of the shift to client paid convenience fee, Duke Kentucky shall file notice of the notification of payment change to its servicers in post-case correspondence.
- 11. Within 14 days after the Kroger payment locations are available for fee free payments, Duke Kentucky shall file a notice of such in the post-case correspondence.
 - This case is closed and removed from the Commission's docket.
