Utility Name: Duke Energy Kentucky

State the nature of your concern: 2022-00372, Request Increase Electric Rate ~17.8%
Requested rate increase for Electric Charging Stations for I-75. Duke Energy guilty of insider trading of for-profit stock. Lynn J. Good, CEO et al salaries are extremely high. Inflation Nation has demanded our hard-earned tax dollars to pay corporations' inflations cost onto the consumers. The Rate Payers in Kentucky cannot subsidize these businesses nor Duke Energy. The "Middle Class" is the backbone of this county, destroy We the People and our social fiber will falter. Duke Energy has crossed the Red Line to Greed. Requesting PSC consider the "unknown citizens" as their voices are not heard. I speak for those "unknown citizens." Not one red cent of an increase in electricity.
