PUBLIC SERVICE  
COMMISSION

Dear Public Service Commission,

My name is Linda Murray and my address is 1852 Commons Ferry, Salvisa, KY 40372. I oppose the filing of Kentucky Utilities Company and Louisville Gas and Electric Company to construct a 120 MWac solar photovoltaic ("PV") electric generating facility on 900 acres located in Mercer County included in PSC filing 2022-00402.

As a Mercer County citizen, I am concerned for the future of our community and the need for responsible economic growth in our area. This particular tract has been identified as a top site within the entire USA for industrial development and could potentially create thousands of jobs for our residents and those in surrounding counties. This economic impact would be monumental for current and future generations of our both our local community and entire state.

I feel our local elected officials and governing boards should retain control over decision making with regards to land use of this property, and other tracts of land throughout our county.

In making your decision, please consider the consequences and irreversible impact on the future of the Mercer County community, and the opportunity cost of lost economic growth.

Sincerely,

Signed By: Linda Murray

Dear Public Service Commission,

My name is Kristen Tyler-Wade and my address is 1642 Louisville Road Harrodsburg, KY 40330. I oppose the filing of Kentucky Utilities Company and Louisville Gas and Electric Company to construct a 120 MWac solar photovoltaic ("PV") electric generating facility on 900 acres located in Mercer County included in PSC filing 2022-00402.

As a Mercer County citizen, I am concerned for the future of our community and the need for responsible economic growth in our area. This particular tract has been identified as a top site within the entire USA for industrial development and could potentially create thousands of jobs for our residents and those in surrounding counties. This economic impact would be monumental for current and future generations of our both our local community and entire state.

I feel our local elected officials and governing boards should retain control over decision making with regards to land use of this property, and other tracts of land throughout our county.

In making your decision, please consider the consequences and irreversible impact on the future of the Mercer County community, and the opportunity cost of lost economic growth.

Sincerely,

Signed By: Kristen Tyler-Wade

Dear PSE,

My name is Ethel Smith, Ky and my address is 212 Claire De Lune Harrodsburg. I oppose the filing of Kentucky Utilities Company and Louisville Gas and Electric Company to construct a 120 MWac solar photovoltaic ("PV") electric generating facility on 900 acres located in Mercer County included in PSC filing 2022-00402.

As a Mercer County citizen, I am concerned for the future of our community and the need for responsible economic growth in our area. This particular tract has been identified as a top site within the entire USA for industrial development and could potentially create thousands of jobs for our residents and those in surrounding counties. This economic impact would be monumental for current and future generations of our both our local community and entire state.
