**Subject:** Request for Intervention

March 9, 2023

Public Service Commission:

I am writing in response to the recent letter I received from Bluegrass Water Utility Operating Company regarding an application for a rate increase from 85.97 to 99.37. This follows a significant increase in 2021 from approximately \$55.00 to the current \$85.97. I would like to request an intervention on case 2022-00432 concerning this rate increase. The letter indicates the rate increases may result in infrastructure upgrades. I would suggest they confirm infrastructure upgrades that will be performed in the Hunters Trace subdivision to justify an increase in the newly proposed 2023 rate, less than two years after their last rate increase.

Thank you for your consideration.

Heather Stout
