In Regards to Bluegrass Water Co

I Kathy Hackney reside at 633 Herrington Haven, Lancaster, Ky, 40444.

I am responding to the letter received from Bluegrass Water Utility Co to increase my current rate of sewer usage \$49.66 to the proposed rate of \$99.37.

If this happens it would create a Severe hardship for me. Please intervene for me. I am retired and live on a fixed income.

My water bill is only \$18.00 - \$21.00/month which at the current rate of 49.66 sewer that is more than double what I use in water. Please Please Please

Intervene to Me!!

Paying that much money per month would be very hard for me.

Please Please Please help!!!!

I have lived here in Herrington Haven since 1978

Please HELP!

Written with a lot of anxiety
