Subject: Case #2022-00432, Bluegrass Water Utility Operating Company Rate Hike

Ricky and Lisa Alcorn are asking for an intervention to stop the exorbitant increase in our sewer bill. We live in a new sub-division and there is no need to have new improvements made; everything is new and we were told when we bought our house in this sub-division in Deer Run Estates that the sewer bill was \$12.50 per month which was to make sure the water was clean and we have to take care of our grinder pump if something happens to it. So, if we are taking care of our own upkeep of equipment, why is there a need to have a remote monitoring system or any equipment at that? There is no way any family can afford an increase of 694.9%, especially people that live on fixed incomes; this increase should be stopped.

Sincerely,

A handwritten signature in black ink, appearing to read "Ricky and Lisa Alcorn, Jr.", with a long horizontal flourish extending to the right.

Ricky and Lisa Alcorn, Jr.
174 Fallow Cir
Georgetown, KY 40324
Deer Run Estates Sub-Division
