Re: Bluegrass Water Rate Increase

To Whom It May concern:

I am formally requesting the Commission to intervene in the request by Bluegrass Water for a 15.6% rate increase for the areas served by this company. Since Bluegrass Water purchased our sewerage system within Persimmon Ridge residential development approximately three years ago, the company has increased our rates by 246%. It appears this most recent request simply bolsters the Company's profits by nearly 1.3 million dollars.

As a retired homeowner, it feels as though unless this Commission denies this request Bluegrass Water will continue to request rate increases beyond that which is reasonable for a utility.

Thank you.

Bryant Nicoson
