Re: Intervention on sewer service with Bluegrass Water Utility Operating Company.

Years ago our sewer bill was coming through Hardin County Water District #2 for Airview Utilities. The charges at that time was approx. \$32.00 a month.

Unfortunately, Airview Utilities sold the service to Bluegrass Water who immediately raised the rate from \$32 to \$86.97! That increase of over \$50.00 a month was beyond devastating to our finances.

I had called Bluegrass Water to inform them that I am Disabled and have a VERY limited income. They would not lower our bill one cent. We can barely pay our mortgage alone. Raising the rate to that degree with no changes in our sewer service is ridiculous!

Other people here in Hardin County are paying nothing close to \$85.97 let alone to the amount they want to increase it to \$99.37. Almost \$100.00 a month for sewer alone?

They are receiving over \$30,000.00 a month for the residents here in this sub-division alone.

This issue needs to be addressed immediately as it is causing a lot of financial hardship for many, many people.

Sincerely yours,

Elisabeth Harper
