To whom it may concern,

I, Mike Robertson, would like to be considered to serve on the Adair County Water Board. I have been in the utility business for 20 plus years in which I installed water lines all over the state of Kentucky for different water districts through contracts. I feel like I could contribute valuable insight to this board along with serving the people within my community. Again, I appreciate any consideration you may give me and if you have further questions please do not hesitate to contact me at
