Re: Electronic Tariff Filing of South Kentucky Rural Electric Cooperative Corporation

Dear Ms. Bridwell:

Enclosed, please find for filing, South Kentucky Rural Electric Cooperative Corporation's ("South Kentucky RECC") updated tariff. This tariff filing incorporates a new bill format that South Kentucky RECC will begin sending on March 8, 2023 as a result of its upgraded billing software. The new bill format is more transparent to its members by breaking out each component of the charges for electric service. South Kentucky RECC is also proposing to change the name of the "consumer charge" to "availability charge". As this is a bill format change only, with no effectual change in the amount South Kentucky RECC's members are charged, to minimize confusion and as a courtesy to the members, South Kentucky RECC has posted notice at each of its offices, posted notice on its social media accounts, posted notice on its website and has inserted notice on the members' bills beginning February 16, 2023.

In addition to the tariff filing, South Kentucky RECC is also requesting a deviation from the thirty-day notice requirement contained in KRS 278.180. South Kentucky RECC is scheduled to send the new bill format to its members on March 8, 2023. Therefore, South Kentucky RECC is requesting a deviation from the thirty-day notice requirement and that only twenty-day notice to the Commission be required for this tariff filing. A Motion for Deviation is also being filed with this tariff filing.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

L. Allyson Honaker

Enclosure

**COMMONWEALTH OF KENTUCKY**  
**BEFORE THE PUBLIC SERVICE COMMISSION**

**IN THE MATTER OF:**

ELECTRONIC TARIFF FILING OF SOUTH KENTUCKY RURAL ELECTRIC  
COOPERATIVE CORPORATION

---

**MOTION FOR DEVIATION**

---

Comes now South Kentucky Rural Electric Cooperative Corporation (“South Kentucky RECC”) by and through the undersigned counsel, and does hereby state as follows for its Motion for Deviation from the thirty day notice requirement set forth in KRS 278.180. In support of this Motion, South Kentucky RECC respectfully states as follows:

1. South Kentucky RECC filed an electronic tariff filing to update its bill format and to change the term “consumer charge” to “availability charge”.
2. South Kentucky RECC does not believe that this tariff filing requires customer notice, however, to minimize confusion, as a courtesy to its members and as out of an abundance of caution due to recent Commission Orders, South Kentucky RECC provided notice to its members in the following ways: (1) posted on its website; (2) posted at its offices; (3) posted on its social media platforms; and, (4) included a statement in the member bills regarding the new bill format beginning on February 16, 2023. Copies of the notices provided are being uploaded into the electronic tariff filing system separately. Please note that the notice provided on South Kentucky RECC's website is the same notice provided on South Kentucky RECC's social media platforms.
3. The new bill format is a result of South Kentucky RECC’s billing software upgrade. The new bill format is more transparent for South Kentucky RECC’S members. Instead of all of

the charges being bundled together as the current bill format does, South Kentucky RECC's new bill format breaks out each of the charges.

4. Due to the timing for the next billing cycle, South Kentucky RECC requests the Commission grant a deviation from the thirty days' notice required and allow South Kentucky RECC to only provide twenty days' notice to the Commission for this tariff filing. Shortening the notice period from thirty days to twenty days will allow South Kentucky RECC to provide the new format to its members with the next billing cycle.

WHEREFORE, based on the foregoing, South Kentucky RECC requests the Commission to grant it a deviation from the thirty-day notice requirement in KRS 278.180 and allow South Kentucky RECC to begin sending its new bill format with the March 8, 2023 billing cycle.

Dated this 16<sup>th</sup> of February, 2023.

Respectfully submitted,

---

**RULES AND REGULATIONS**

**5.20 TAXES**

The Cooperative shall add to the bills of all applicable members the Kentucky Sales and Use Tax, any utility gross receipts license tax for schools or any other tax or levy that may be legally imposed on the Cooperative that is measured or determined by sales or receipts.

**5.30 METER READING**

(a) The Cooperative provides meter reading services to its members without extra charge. The meters are read on or about the same working day of each month, with the exception of seasonal type accounts and certain accounts which are inaccessible at certain times of the year. In those cases, the meters are read quarterly, and estimated for the other periods.

(b) Estimated bills are based upon last month's KWH times an estimation factor. The following estimation factors have been established from degree day history to adjust last month's usage due to weather changes.

October	1.25
November	1.75
December	1.50
January	1.75
February	1.00
March	1.00
April	1.00
May	1.00
June	1.75
July	1.25
August	1.25
September	1.00

If the estimation is for a new account, with no KWH history, the revenue class table is used for the estimation, normalized for the number of days of service different from 30.

**5.31 BILLING ADJUSTMENTS TO STANDARD PERIODS**

The first billing of an account for the "Availability Charge" shall be prorated based on time actually used. This proration does not apply to demand charges or KWH charges or any special minimum bill.

**CLASSIFICATION OF SERVICE**

**SCHEDULE LP**

**LARGE POWER RATE**

**MINIMUM CHARGE**

The minimum monthly charge shall be the HIGHEST one of the following:

- (a) The Availability Charge – No KWH Usage as stated in Rates Per Month, or, (T)
- (b) The minimum monthly charge as specified in the contract for service, or,
- (c) A charge of \$0.80 per KVA of required transformer capacity. The Seller may, if it so desires, install transformers of capacity larger than required, but in such case, the Consumer's minimum bill shall be based on the standard transformer size which would have been adequate for Consumer's load.

**CONDITIONS OF SERVICE**

1. An agreement for purchase of power shall be executed by the Consumer for service under this schedule as deemed necessary by the Seller.
2. Delivery Point – If service is furnished at secondary voltage, the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole line and other electric equipment on the load side of the delivery point shall be owned and maintained by the Consumer.

If service is furnished at Seller's primary line voltage, the delivery point shall be the point of attachment of Seller's primary line to consumer's transformer structure unless otherwise specified in the contract for service.

All wiring, pole lines and other electrical equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.

3. Lighting – Both power and lighting shall be billed at the foregoing rate.
4. Primary Service – The Seller shall meter at secondary distribution voltage unless it would be agreeable to both parties to primary meter.

**TERMS OF PAYMENT:**

The rates stated are net. If payment is not made by the due date, the current month charges shall be increased by 5%.

## Explanation of Charges

**Availability Charge:** A monthly charge that helps cover the cooperative's fixed costs and is reflective of the investment in the poles, wires, transformers and other equipment it takes to provide you with electric service.

**Franchise Fee:** A fee paid to the applicable city/county for the right or privilege to utilize the public property of the city/county for the purpose of supplying electric service. All monies collected are paid to the city/county.

**Fuel Adjustment Clause (FAC):** Recovers a portion of the costs incurred by our power supplier, East Kentucky Power Cooperative (EKPC), for coal and natural gas to operate its electric plants, and for the costs to buy market power from PJM, our regional transmission organization. The FAC can either be a charge or credit, depending on monthly costs. All monies collected are paid to East Kentucky Power Cooperative.

**Environmental Surcharge:** This surcharge reflects the cost of equipment and other expenses our power supplier incurs to comply with EPA regulations on power plant emissions. All monies collected are paid to East Kentucky Power Cooperative.

**RULES AND REGULATIONS**

**5.20 TAXES**

The Cooperative shall add to the bills of all applicable members the Kentucky Sales and Use Tax, any utility gross receipts license tax for schools or any other tax or levy that may be legally imposed on the Cooperative that is measured or determined by sales or receipts.

**5.30 METER READING**

- (a) The Cooperative provides meter reading services to its members without extra charge. The meters are read on or about the same working day of each month, with the exception of seasonal type accounts and certain accounts which are inaccessible at certain times of the year. In those cases, the meters are read quarterly, and estimated for the other periods.
- (b) Estimated bills are based upon last month's KWH times an estimation factor. The following estimation factors have been established from degree day history to adjust last month's usage due to weather changes.

October	1.25
November	1.75
December	1.50
January	1.75
February	1.00
March	1.00
April	1.00
May	1.00
June	1.75
July	1.25
August	1.25
September	1.00

If the estimation is for a new account, with no KWH history, the revenue class table is used for the estimation, normalized for the number of days of service different from 30.

**5.31 BILLING ADJUSTMENTS TO STANDARD PERIODS**

The first billing of an account for the "~~Consumer~~ Availability Charge" shall be prorated based on time actually used. This proration does not apply to demand charges or KWH charges or any special minimum bill.

**LARGE POWER RATE**

**MINIMUM CHARGE**

The minimum monthly charge shall be the HIGHEST one of the following:

- (a) The **Availability Consumer Charge** – No KWH Usage as stated in Rates Per Month, or, (T)
- (b) The minimum monthly charge as specified in the contract for service, or,
- (c) A charge of \$0.80 per KVA of required transformer capacity. The Seller may, if it so desires, install transformers of capacity larger than required, but in such case, the Consumer's minimum bill shall be based on the standard transformer size which would have been adequate for Consumer's load.

**CONDITIONS OF SERVICE**

1. An agreement for purchase of power shall be executed by the Consumer for service under this schedule as deemed necessary by the Seller.
2. Delivery Point – If service is furnished at secondary voltage, the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole line and other electric equipment on the load side of the delivery point shall be owned and maintained by the Consumer.

If service is furnished at Seller's primary line voltage, the delivery point shall be the point of attachment of Seller's primary line to consumer's transformer structure unless otherwise specified in the contract for service.

All wiring, pole lines and other electrical equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.

3. Lighting – Both power and lighting shall be billed at the foregoing rate.
4. Primary Service – The Seller shall meter at secondary distribution voltage unless it would be agreeable to both parties to primary meter.

**TERMS OF PAYMENT:**

The rates stated are net. If payment is not made by the due date, the current month charges shall be increased by 5%.

# New Electric Bill Starting in March

## Side 2

### 1 Explanation of Charges

**Availability Charge:** A monthly charge that helps cover cooperative's fixed costs and is reflective of the transmission, poles, wires, transformers and other equipment it takes to provide you with electric service.

**Franchise Fee:** A fee paid to the applicable city/county for the right or privilege to utilize the public property of the city/county for the purpose of supplying electric service. All monies collected are paid to the city/county.

**Fuel Adjustment Clause (FAC):** Recovers a portion of the costs incurred by our power supplier, East Kentucky Power Cooperative (EKPC), for coal and natural gas to operate its electric plants, and for the costs to buy market power from PJM, our regional transmission organization. The FAC can either be a charge or credit, depending on monthly costs. All monies collected are paid to East Kentucky Power Cooperative.

**Environmental Surcharge:** This surcharge reflects the cost of equipment and other expenses our power supplier incurs to comply with EPA regulations on power plant emissions. All monies collected are paid to East Kentucky Power Cooperative.

For a copy of your rate schedule, visit [www.skrecc.com/rates](http://www.skrecc.com/rates) or call our Member Services Department.

### For Power Outages

If your power is off, first check to see that all fuses and breakers are working properly. If this does not correct the problem, you can submit your outage through the SmartHub, Phone App, or by calling one of our local offices. If calling, please provide your Account Number, Name, and Address as it appears on your statement. Phone dispatch is available 24 hours a day, 7 days a week. If your local office is a long distance call, you can utilize our toll free number 1-800-264-5112.
