RE: East Kentucky Midstream, LLC  
Case No. 2023-00112 Filing Deficiency

The Commission Staff has reviewed the application in the above case. This filing is rejected for the reason set forth below.

Filing deficiency pursuant to:

1. 807 KAR 5:026, Section 9(4): Requires that the estimated monthly increase be calculated based on the present and proposed rates. The present rate of \$9.52 for May 2023 shown in the notice is not the most recent present rate of \$9.34 for July 2023 as used to calculate the estimated monthly increase per customer. The customer notice should show the correct present rate for July 2023 as used to calculate the estimated monthly increase per customer.

You are requested to submit the information necessary to cure the deficiencies within 10 days of the date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Bridwell".
