**RE: Case# 2023-00159 – OBJECTION to Kentucky Power Rate hike**

To Whom it May Concern:

Please consider this our objection to Kentucky Power Company's proposed rate hike.

The counties in Kentucky served by Kentucky Power are the poorest counties in the state with the highest power bills and least opportunities. Homeowners and automotive insurance companies are also raising rates cross the state and living here is unaffordable.

Kentucky Power donates money and equipment to other businesses and entities on a regular basis. If they can do that, maybe they should keep their money and not request the rate increase.

The wealthy can afford the increase more, the low income receive some help, and the middle class bears the brunt of it.

People can't afford to keep living in Kentucky.

Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Sandra J. Roberts". The signature is written in a cursive style with a large initial 'S'.
