Zip Code: 41522
Phone number where you can be reached: [REDACTED]
Home phone:
Utility Name: Kentucky Power AEP
State the nature of your concern: The people of eastern Kentucky demand that Kentucky Power AEP is barred from raising power rates any higher. It is ludicrous that the request a rate increase every year causing the people of this region to pay outrageous prices for electricity. I have lived in Colorado, Kentucky, and North Carolina. I can say without a doubt my power bill in Kentucky is triple the price of my bill in Colorado and North Carolina. Do not keep allowing these rate increases. Protect the people of Eastern Kentucky.
Have you contacted the utility about the problem: Yes

Dear Kentucky Public Service Commission,

Kentucky Power customers are already paying the highest power bills in the state. We need warm homes, affordable energy, clean air, and a safe climate - NOT HIGHER BILLS. Please reject Kentucky Power's proposal to raise residential rates by over 18%, and encourage Kentucky Power to address already high customer rates with energy efficiency programs.

Thank you for ensuring that Kentuckians' voices are an important part of the regulatory process.

Sincerely,
Squire Hamilton

Utility Name: KY POWER/ AEP

State the nature of your concern: Concerning case # 2023-00159 on Tuesday 11-28-2023. To Whom It May Concern: Please DENY the proposed 18% rate increase requested by KY Power. I am concerned that the rate increase would place a great burden on a community where many people live well below the poverty level, surviving on benefits such as SSI, disability, retirement, food stamps, welfare and Medicaid. The huge increase in food and fuel costs have taken a huge toll on the community already. Please do not allow KY Power to make a larger profit and more money for its share holders (the request for higher overall "return of equity" rate that is currently allowed) at the cost of hard working families and family owned businesses forcing even more into poverty. Please, I ask that you deny the request of the proposed rate increase. Thank You, Donald & Jennifer Asher

Comments: This 18% rate increase to Ky Power will cripple the majority of people that are barely staying above water as it is. Most people in this area already live at or below poverty level and the ones on a fixed income will not survive another increase. With the huge increase we have in food and lack of jobs in this area another increase in electricity will leave people deciding between heat or food and that should never be a choice. Please deny the proposed increase.

To Whom It May Concern..

As a lifelong resident of Pike County, I can Never understand how KEP~AEP~ or whatever you call this Power Company,,can just Hike their Rates every time we turn around! Do you not Realize We Are In A Recession?? Do you grocery shop? Prices high, huh? Do you pay for your own gas? High, huh? Cable, Garbage (which is Completely Outrageous) thx J. Now..KEP and LIBERTY were talking of selling/buying not long ago. In a letter I read....KEP Told LIBERTY,,after the deal failed,, KEP Will Not Propose Rate Increase!! Told LIBERTY!! Isn't that being dishonest?? Electric Bills are So High now people are just making it!! Or does That bother anyone?? Do you Ever just Stop and Think of People?!

Idea....Help the needy, elderly, less fortunate people pay their electric bill, propose a hike on Big businesses, Not the Little Man. I haven't a clue how all the things work with KEP,,AEP,,or any other big corporations but..My Gosh..Get A Heart!!

Einstein to know how much these corporations take in a month. Elderly are already leaving out meds, food, clothing, etc. Children are going cold at school, home and Hungry!! I am asking you to Please Have Mercy and Remember your Words to Liberty.

Kentucky Residents are not able Financially or Anything to withstand a Rate Hike!! People are leaving every day just to find Work. There's No jobs after Pikeville! Belfry, Stone, So. Williamson have Nothing! If you go ahead with your plans,,Please Pray for all Families you serve to be able to Live!! Thank you Blessings to all.

Thank you for ensuring that Kentuckians' voices are an important part of the regulatory process.

Sincerely,
Peggy Hensley

ORDER OF THE
LETCHER COUNTY FISCAL COURT

NOVEMBER 20, 2023

Resolution No.

ADOPTION OF A RESOLUTION OPPOSING THE KENTUCKY POWER RATE
INCREASE

Upon motion by Magistrate Bennie McCally and second by
Magistrate Jack Banks, the LETCHER COUNTY FISCAL COURT HEREBY
ADOPTS a resolution opposing the Kentucky Power rate increase.

Resolution of

The Letcher County Fiscal Court

Requesting the Kentucky Public Service Commission to Deny the Rate Increase Requested by
Kentucky Power.

WHEREAS, this honorable body has a duty to protect its citizens, especially the most vulnerable
of its citizens; *and*

WHEREAS, Kentucky Power is engaging in egregious profiteering by asking the most
vulnerable of citizens to pay a 18.3% rate increase; *and*

WHEREAS, the citizens of this county that have lived here, when others left, raised their
families, and have decided to retire here will be adversely affected; *and*

WHEREAS, all citizens of this county will be affected, *and*

WHEREAS, noted economist and professor of economics, Dr. Gregory Green, stated that "a rate increase of that magnitude would have a large impact on individuals, particularly those who are a fixed income." Small businesses could potentially be negatively impacted; *and*

WHEREAS, citizens will in some cases be forced into deciding to pay for food, medicine, or the power bill, *and*

WHEREAS, if this egregious profiteering is permitted to occur by the Public Service Commission, there will be an increase in deaths of our citizens.

NOW, THEREFORE, BE IT RESOLVED, I, Terry Adams, Letcher County Judge Executive and the Letcher County Fiscal Court do hereby request the Kentucky Public Service Commission to deny the rate increase requested by Kentucky Power.

VOTE WAS TAKEN AS FOLLOWS:

Judge Executive Terry Adams

Magistrate Jack Banks

Magistrate Kenny Anderson

Magistrate Deb Collier

Magistrate William "Cheddy" Smith

Magistrate Bennie McCall

MOTION PASSED BY

Unanimous

Name: Aiden Akers
Address: 359 George Rd
City: Betsy Layne
State: Kentucky
Zip Code: 41605
Phone number where you can be reached: [REDACTED]
Home phone:
Utility Name: kentucky power
State the nature of your concern: I would like to file against the case 2023-00159 moving kentucky power to raise prices up to 18%. This would greatly downfall my community and give unneeded funds into the pockets of people who dont need the money nearly as much as my community does.
Have you contacted the utility about the problem: No

Dear Kentucky Public Service Commission,

Kentucky Power customers are already paying the highest power bills in the state. We need warm homes, affordable energy, clean air, and a safe climate - NOT HIGHER BILLS. Please reject Kentucky Power's proposal to raise residential rates by over 18%, and encourage Kentucky Power to address already high customer rates with energy efficiency programs.

Thank you for ensuring that Kentuckians' voices are an important part of the regulatory process.

Sincerely,
Mr. Joey Tackett

Subject: 18 percent increase

As volunteer fireman in eastern Kentucky. I see plenty of on runs for the fire department rate increase will hurt the all the people in are district. The average income is around \$20 to \$30 thousand a year. The increase will endanger many people in are community who is having travel just buying groceries. You will a large amount of disconnects by the electric company. Causing great suffering by the people of eastern Kentucky. Thank you
