Dear Duke Energy,

My name is George L. Casteel and I am the owner of the property located at 5826 Limaburg Rd, Burlington, KY, 41005. I am writing this letter to request an intervention in the Case No. 2012-00239 Limaburg to Oakbrook Reliability Project. I am requesting more information on this project to understand how this project will affect my property on Limaburg Rd. My questions are:

1. Where will the electrical poles and guidewires be placed on the property?
2. What part of the property will the electric wires cross over the property?
3. This property is zoned commercial and I have plans to go commercial with the property. Will this project affect or impede me from doing so?

Sincerely,

George L. Casteel
