Subject: 2023-00246 Dogwood Corners

[REDACTED]

I've spoken at 2 hearings so far against this solar farm. I wanted to follow up with an email because my property is at stake. I'm located in the middle of the proposed project, surrounded on 3 sides. My home sits on a hill and overlooks a large portion of it. A 5' tall tree will take years and years to grow to maturity. I'm worried that this company will sell the project and we will have no place to turn once things start to go bad. In 2014, our home was hit by an F2 tornado. This area seems to be a magnet for bad weather. I'm worried that these solar panels will be projectiles. Last spring we had 90mph sustained winds that demolished 1/3 of our barn, damaged our son's home, and ours as well. Please consider the residents of this neighborhood when making your decision.
