To Whom It May Concern:

I am writing in response to the proposed increase to the Morgan County Water District. While my address says Campton please know my wife and I do live in Morgan County and have been a water customer for years.

As many in this area we are on a fixed income with continued medical expenses as well as living in general. We've received several water increases in the last few years, so to have another one at such a high rate of increase seems very unfair and unjust.

Thank you for consideration in this matter.

Sincerely,

Garrie Stamper
