State the nature of your concern: This water company needs to be investigated. They

have been charging outrageous amounts on customers bills and just announced that there would be another increase in the water bill. People now already can't afford over a \$100 water bill every month and they are going to increase it again and said that the PSC told them they had to do the increase. Not many other counties have high water rates like they are here. Something needs to be done

Have you contacted the utility about the problem: Yes
