**RE: Mantle Rock Solar Project – Letter of Support**

Dear Siting Board:

It is my understanding that you soon will be reviewing the Mantle Rock Solar Project application. I am writing in support of the project being approved. I live and work in Livingston County, and the Mantle Rock Solar Project would provide much-needed jobs, taxes, and local business support here.

I am writing this letter to discuss the positive economic impact this solar project will have on our county.

The many significant benefits of the approximately \$144 million solar project would include:

- Annual lease payments that provide money to local farmers and landowners, who in turn would spend the money in the community
- Approximately 185 construction and related jobs as well as long-term jobs for employees who would maintain the site
- The development of construction skills that would help many individuals be more employable for future job opportunities
- Income for local businesses and community members, such as subcontractors, restaurants, hotels, convenience stores, and gas stations
- A boost in local, long-term tax revenue for Livingston County

Thank you for reading my letter as you consider this proposed solar project. In closing, I respectfully ask that you approve the Mantle Rock Solar Project.

Bobby Pickett

**RE: Mantle Rock Solar Project**

To whom it may concern:

As a resident of Livingston County, I am writing to express my strong support and enthusiasm for the Mantle Rock Solar Project.

Our county has been slowly losing jobs. Due to the lack of local opportunities, graduating students and laid-off workers are leaving the county to find jobs. We need new businesses to locate here, create construction jobs, support existing local businesses, and invest in the community.

The Mantle Rock Solar Project will support our local economy by creating jobs in solar installation and maintenance and creating demand for local services. The project offers an outstanding opportunity for economic growth and will contribute to the well-being of our community.

Thank you for your consideration of this important project.
