Subject: Public Comment in Case #2024-00115

Dear Commissioners

Case #2024-00115 KY Power DSM Case

Hello, I'm writing from Kentucky to ask you not to build a new gas plant here. Instead, please invest in energy efficiency and demand-side management to reduce energy usage so we don't have to increase energy production. If production absolutely must be increased, please do so in sustainable ways, like using solar, wind, and geothermal energy. Kentucky is still reeling from the devastation big coal brought us, and we don't need another extraction-based business model despoiling our home just to leave us with nothing when it's all used up.

Sincerely,
Cassandra Lyons
