Dear Commissioners

Case #2024-00115 KY Power DSM Case --I am a KY Power customer and I can't afford another rate increase on top of all the increases we have already received. KY Power should not build a new gas plant in 2029 and charge us, its customers, \$100s of millions of dollars to build it. It would be much, much cheaper to instead invest in energy efficiency and other demand-side management tools that save us from needing to build and pay for new fossil fuel burning infrastructure. It can be done and KY Power should do it!

Sincerely,  
Amelia Pickering
