Utility Name: Licking valley rural electric cooperative corp

State the nature of your concern: There is a proposed rate increase for residential service by 11.4% and small business by 1.9% while large commercial rates remain the same and that would include a bit coin operation in my neighborhood that uses enough electric to power most of my county. At a time when families and small business are struggling it is certainly not fair to put the burden of a rate increase on us. My case number is 2024-00211

Have you contacted the utility about the problem: No
