PUBLIC SERVICE  
COMMISSION

To Whom it May Concern:

I am writing to you because I want to object  
to the proposed rate increase that  
Big Sandy Rural Electric Cooperative Corporation  
is asking for.

I object because I already can't afford  
my electric bill. It takes my sister and myself  
and sometimes my brother to pay my bill and  
if you grant their rate increase I don't know  
what I will do.

My sister and I try to limit our electric usage  
as much as we can. We don't use our heating unit because  
it uses too much electricity. We don't do laundry and I  
don't cook too much because my stove is electric.

So I am asking you to not grant the proposed  
monthly increase.

They never keep trees cut. The only time they  
will cut a tree is when it falls on the power  
lines. Case in point the power was off September 27-12:15 PM  
because a tree fell on the lines. Power didn't come  
back on till September 29-6:37 PM.

Thank-you.
