To whom it may concern,

On behalf of the Barren County Fiscal Court, I am writing to inform you that Barren County will not be utilizing a Payment In Lieu of Taxes (PILOT) agreement or issuing Industrial Revenue Bonds (IRBs) in connection with the proposed Wood Duck Solar Project.

Additionally, please be advised that the Barren County Fiscal Court passed Ordinance No. 695 on May 20, 2025. This ordinance establishes a minimum setback requirement of 1,000 feet from any non-participating property line and from any right-of-way for a publicly maintained roadway or rail line, applicable to utility-scale solar energy projects.

While this ordinance is currently in place, it will only apply to the Wood Duck Solar Project if the project is expanded beyond its currently proposed scope. Any such expansion would be subject to full compliance with Ordinance No. 695.

Should you have any questions or need further documentation, please do not hesitate to contact my office.

Respectfully,

Jamie Bewley Byrd  
Barren County Judge/Executive
