Comments:

Please vote AGAINST this solar project. While I am pro solar in general, this project has too many issues.

There is the possibility of damage to Mammoth Cave National Park due to karst topography and the project being in the Mammoth Cave National Park watershed.

In addition, thousands of sandhill cranes winter feed in the area of KY Hwy 255 and KY Hwy 68-80. I see the ENDANGERED WHOOPING CRANE in the flocks of sandhill cranes
