

Dear Sirs,

To whom it may concern i am writing to you about the  
Raise you are going to put on our gas price, i beg you to please  
dont do it. Us people who live in this area are struggling with  
our bills now, its getting cold weather and we ~~cant~~ have to  
stay warm or be sick.

I live in Barboursville, Wv and we dont have an office and  
Carlin dont either, We are small towns but we need our  
offices. please put them back, for your customer convenience.

Thank you,

Lots of people in this area are low income we live off a  
check from S. Security, it is hard to pay bills and live.  
So please Reconsider what you are about to do to us.

Thank you and God Bless.

Mable Laws  
Barboursville, Wv.

Merry Christmas!
