Utility Name: SKYRECC

State the nature of your concern: proposed adjustment to retail electric rates.

Residential, farm and non farm service is the only rate class receiving an i crease' The

consumer charge will be increase by 75%. Since the average kWh usage is closer to 1800 (not the 993 listed in the proposal) the 10.84% rate increase will be closer to \$28 dollars per month - before taxes. While \$42 plus is not an undue burden to me, many families in the coop will find the increase vert difficult to manage. Please consider denying the application for adjustment in its current form. Thank-you Debby McDonald, SKYRECC member
