RE: Letter of Support – Lost City Solar Project (Case No. 2024-00406)

Dear Siting Board -

Our membership of nearly 300 Kentuckians is writing to you to express our fullest support for the Lost City Solar Project (**Case # 2024-00406**) and ask that you approve this project for construction.

Lost City Solar will be a positive development for the people and economy of Muhlenberg County. The applicant is committed to constructing its facilities using a talented skilled workforce, composed of construction craft laborer members from our local union hall.

With a commitment to utilize our membership, Lost City Solar will create legitimate local jobs for local people in Muhlenberg and the surrounding counties. Laborers Local Union #1392 counts hundreds of members in and around Muhlenberg County. These local citizens will be going to work on Lost City Solar.

As a result, this project will create a local monetary windfall for hundreds of area residents through high middle-class wages which will then be spent within our local economies and benefit our communities in ways beyond just hotels and restaurants.

Local 1392 members constructing this project will have proper OSHA certifications as well as installation training experience on the specific type of solar panel this project will be utilizing. Members on average have over ten years of commensurate experience working in the

construction industry. Our training models combined with our seasoned professional construction craft laborers positions this project in a way to be built responsibly, skillfully, and without incident.

Laborers Local #1392 and its membership is asking the Public Service Commission to support and grant approval for Case #2024-00406. The economic wellbeing of hundreds of Kentuckians depends on it.

Sincerely,

A handwritten signature in black ink, appearing to read "Geoffrey Harrison". The signature is written in a cursive, flowing style.
