

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC 2024 INTEGRATED RESOURCE)	CASE NO.
PLAN OF DUKE ENERGY KENTUCKY, INC.)	2024-00197

ORDER

This matter arises upon the motion of Sierra Club, filed July 23, 2024, for full intervention. As a basis for its motion, Sierra Club stated that it has extensive experience evaluating issues raised in Duke Energy Kentucky, Inc (Duke Kentucky's) Integrated Resource Plan (IRP) and that the Commission has previously allowed intervention based on Sierra Club's special knowledge and expertise in multiple areas and is thus likely to present issues and develop facts that will assist the Commission in considering this matter without unduly complicating or disrupting the proceedings. Sierra Club also argued that its members include Duke Kentucky customers and that it has a special interest not otherwise represented in the proceedings based on its environmental and economic advocacy.

LEGAL STANDARD

The only person who has a statutory right to intervene in a Commission case is the Attorney General of the Commonwealth of Kentucky, by and through the Office of Rate Intervention (Attorney General), pursuant to KRS 367.150(8)(b). The Attorney General

has been granted intervention in this case. Intervention by all others is permissive and is within the sole discretion of the Commission.¹

The regulatory standard for permissive intervention, set forth in 807 KAR 5:001, Section 4, is twofold. Commission regulation 807 KAR 5:001, Section 4(11), requires a person to set forth in the motion to intervene either (1) a special interest in the proceeding that is not otherwise adequately represented in the case, or (2) that intervention is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings.

DISCUSSION AND FINDINGS

Based on a review of the pleadings at issue and being otherwise sufficient advised, the Commission finds that Sierra Club has demonstrated that it will present issues or develop facts regarding utility practices, investments, and policies regarding energy efficiency and renewable energy, and resulting effects on costs, rates, pollution, and reliability. Sierra Club has participated in other recent IRP cases without unduly complicating or disrupting the proceeding.²

Based on the above, the Commission finds that Sierra Club should be granted full rights of a party in this proceeding. The Commission directs Sierra Club to the
