ORDER

On April 2, 2025, Kentucky State Board on Electric Generation and Transmission Siting (Siting Board) issued an Order conditionally granting a Certificate to Construct an approximately 75-megawatt (MW) merchant solar electric generation facility (Project), subject to full compliance with the conditions prescribed in the April 2, 2025 Order. Appendix B of the Order contained a map that included the preliminary route of the natural gas pipeline that was submitted when the application was filed on October 4, 2024. Kentucky Municipal Energy Agency filed an updated proposed pipeline route on December 5, 2024. Accordingly, Appendix B should have provided the updated map of the proposed pipeline route that filed on December 5, 2024.

Finding that the April 2, 2025 Order should be amended, the Siting Board HEREBY ORDERS, *nunc pro tunc*, that:

1. Appendix B will be replaced with the updated route of the natural gas pipeline that was filed on December 5, 2024.

2. All other provisions of the Siting Board's April 2, 2025 Order that are not in conflict with the terms of this Order shall remain in effect.
