COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION
TO CRITTENDEN-LIVINGSTON COUNTY WATER DISTRICT

Crittenden-Livingston County Water District (Crittenden-Livingston District), pursuant to 807 KAR 5:001, shall file with the Commission an electronic version of the following information. The information requested is due on January 17, 2025. The Commission directs Crittenden-Livingston District to the Commission's July 22, 2021 Order in Case No. 2020-00085¹ regarding filings with the Commission. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately bookmarked.

Each response shall include the question to which the response is made and shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the

¹ Case No. 2020-00085, *Electronic Emergency Docket Related to the Novel Coronavirus COVID-19* (Ky. PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Crittenden-Livingston District shall make timely amendment to any prior response if Crittenden-Livingston District obtains information that indicates the response was incorrect or incomplete when made or, though correct or complete when made, is now incorrect or incomplete in any material respect.

For any request to which Crittenden-Livingston District fails or refuses to furnish all or part of the requested information, Crittenden-Livingston District shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied and scanned material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Crittenden-Livingston District shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Confirm there will be no rate increase related to the construction of the clearwell due to either additional debt service or operating expenses.
2. State whether Crittenden-Livingston District anticipates continued customer growth in the area and provide the basis for that statement, including but not limited to

studies or other similar data. If growth is anticipated to continue, explain whether the 300,000-gallon clearwell would have enough capacity to support the predicted customer growth in the area.

3. Confirm if the 300,000-gallon clearwell will have a large enough capacity to alleviate the water shortage in the city of Marion during peak demand periods. If not confirmed, explain.

4. State whether Crittenden-Livingston District has issued its request for proposals (RFP) for construction of the clearwell. Provide a copy of the RFP, the responses as well as the evaluation criteria and results of the evaluation of the RFPs. If Crittenden-Livingston District has not issued its RFP, consider this an ongoing request, and provide a copy when it has been completed.

5. Provide the expected annual depreciation amount of the clearwell, once placed into service. Include a breakdown of the costs by each component that reflects a different depreciation life and provide the National Association of Regulatory Utility Commissioners (NARUC) depreciable life for each component

6. Confirm that the estimated annual cost of operation after the proposed project is placed into service does not include depreciation. If confirmed, provide a detailed explanation of the estimated rate impact of the additional depreciation expense.
